Subject:	Objection to the East Walker Street - 173-179 Walker Street / 11-15 Hampden Street proposal
Date:	Tuesday, 24 November 2020 2:37:24 PM

Hello,

I am the resident of unit 505 of The Miller Building at 221 Miller Street and would like to raise an objection to the East Walker Street - 173-179 Walker Street / 11-15 Hampden Street proposal. The proposal as presented in http://leptracking.planning.nsw.gov.au/proposaldetails.php?rid=6653 will have a significant impact to the amount of sunlight and the view that we currently have. This is going to be significantly negative to myself and my family and therefore would like to raise this objection.

Best regards,
Andre
