Dear Sirs,
I have received information regarding the proposed development at 173-179 Walker Street and 11-17 Hampden Street and I am writing to express my strong objections. I understand that it is proposed to allow an increase in the height of the building which could reach up to a height of 148m. This is well above the height of neighbouring buildings and would block light to units in the Belvedere apartments where I live and neighbouring buildings. This would be clearly detrimental to the residents in the neighbouring area and should not be approved by council.

Kind regards
Stephen Chen
Unit 1107/138 Walker Street
