GENERAL NOTES:
The information contained in this document is copyright of Design Plus Drafting and may not be used or reproduced for any other project or purpose without written permission.

All dimensions are in millimetres and have to frame. All dimensions and levels may be inaccurate by +- 100mm. Dimensions and levels to be verified on site by builder/manufacturer/supplier and any discrepancies to be reported for direction prior to commencement of any work.

Do not scale from drawings. Design Plus Drafting cannot guarantee the accuracy of content and format for copies of drawings issued electronically. Drawings are to be read in conjunction with all other contract and relevant documents.

The drawing shall not be used for construction unless labelled "For Construction" and authorised for issue. Construction is not to commence until approval is determined by relevant council.

All construction in accordance with all relevant building codes. All structural, mechanical & hydraulic details (if required) are to be prepared by a qualified engineer. Boundary setbacks to be confirmed by a qualified surveyor.
