Hi,

I am a tenant in the Belvedere building – 138 Walker St and considerably concerned about the proposed development as it will remove my Eastern views, there will be a significant increase in Walker St traffic and impact the privacy of my apartment which is east facing.

Since covid I have been working from home which won't be changing any time soon. I moved to the Belvedere building just 3 months ago to make my working from home situation more comfortable with the views and sunlight I currently get. This building will negate all my reasons for moving here in the first place.

Please do not continue with the building of this structure as I am struggling enough as is WFH. It would be severely inconvenient for me to have to end my lease early and find another Belvedere like apartment.

Thanks
