Hi James,

Thanks for your email.

The Councillor workshop has occurred and your Planning Proposal, along with four others in the PRCUTS were workshopped.

Each of these Planning Proposals is now intended to go back to Council, however most likely not all at the same time. We are currently working through which Planning Proposal will go to the next Council meeting.

At this stage, I would expect your Planning Proposal to go to the October Council meeting, not September.

I will update you as we move along through the process.

Kind regards,

STRATHFIELD COUNCIL

Hi Joseph,

I hope you are well and having a good week.

I note that on 5 July 2022, council considered the planning proposal for land at 11-16 Loftus Crescent, 2 Subway Lane, 5 & 9-11 Knight Street & 88-92A Parramatta Road, Homebush and resolved that the "*matter be discussed at a Councillor Workshop and be submitted to a future Council Meeting*".

I note that the matter was not submitted to the Council Meeting of 2 August 2022 and I am just seeking to understand if this matter is tracking for consideration at the 6 September Council Meeting. Has the councillor workshop occurred yet and is this also something that we can or should be involved in?

Look forward to hearing from you.

James

Hi James,

I would just like to advise that the assessment of the Planning Proposal is nearing completion.

Unfortunately, the report will not be sent to the April Local Planning Panel meeting. It will be going to the May meeting.

Our administration team will let you know once the agenda for the May meeting is available for your viewing.

Kind regards,
