RE: 182-186 GERTRUDE STREET, NORTH GOSFORD NSW 2250

The subject site was inspected on 15/03/2022.

The trees indicated in the updated survey that are located in adjoining lots 39-43 Hill Street and 180 Gertrude Street, were inspected at this time.

Since these trees were greater than 6m from any of the proposed works they were not included in the report.

The full TPZ of these trees will not be impacted from the proposed development as they are not near the proposed works.

I trust that this letter meets with your approval. Should you have any further questions please do not hesitate to contact me directly.

Yours sincerely,

Russell Kingdom

Arboriculturist & Horticulturist

Diploma of Arboriculture (AQF5), Graduate Diploma of Horticulture (AQF8)

DISCLAIMER

The author and Advanced Treescape Consulting take no responsibility for actions taken and their consequence if contrary to those expert and professional instructions are given as recommendations pertaining to safety. The conclusions and recommendations contained in this letter refer to the tree(s) condition on the inspection day. All care has been taken using the most up to date Arboricultural information in the preparation of this report. This letter is based on a visual inspection only. Tree health and environmental conditions can change irreversibly at any time due to unforeseen circumstances or events. Due to Myrtaceae family hybridisation, some tree species are difficult to accurately identify. Unless trees are in full flower identification is only probable.

nb: This letter is NOT to be viewed as consent to remove any trees subject of this report. Formal approval MUST be given by Council.
