Activity Description

Provide a description of the Activity

Demolition of the existing dwelling and associated structures, and construction of a manor house containing 4 x 2 bedroom dwellings with surface parking for 2 vehicles, associated landscaping, fencing and civil works.

The above activity is submitted for determination by the Head of Policy and Innovation, Land and Housing Corporation. Plans of the activity are at **Appendix D**.

¹ Conflict of interest includes actual and potential. A conflict of interest includes pecuniary i.e. financial interests to you or a related party or non-pecuniary i.e. benefits to relatives, friends, business associates and personal causes, etc. This includes "related persons" as defined in the Property, Stock and Business Agency Act 2002.

The activity is “development without consent” under *State Environmental Planning Policy (Housing) 2021* (Housing SEPP). Assessment and determination under Part 5 of the *Environmental Planning & Assessment Act 1979* (the Act) is therefore required.

The activity has been developed and reviewed in accordance with the relevant legislative requirements of Part 5 of the Environmental Planning & Assessment Act 1979 and the procedures set out in the Land and Housing Corporation’s Assessment Guide for Development without Consent.

Review of Environmental Factors assessment

A Review of Environmental Factors (REF) under Part 5 of the Act has been prepared (**Document 3**).

Notification

In accordance with the requirements of the Housing SEPP:

- Written notification of the intention to carry out the development was given to the council and occupiers of adjoining land.
- Responses to the notification received were considered and the project modified, where appropriate, to address the issues raised.

A summary of responses received and details of the consideration of the responses is provided in the REF (**at Section 6**).

Statement of Compliance

A Statement of Compliance certifies that the activity complies with the requirements of Part 5 of the Act and that the activity has planning merit (**Document 2**). Further, the Statement of Compliance certifies that the effects on the environment of the activity have been taken into account to the fullest extent possible and that the activity if carried out will not have a significant effect on the environment and hence no Environmental Impact Statement is required.

RECOMMENDATION

Considering the above and arising from my review it is considered that:

- The effects on the environment of the activity have been taken into account to the fullest extent possible.
- The activity if carried out will not significantly affect the environment and hence no Environmental Impact Statement is required.
- The additional conditions proposed in the REF in response to submissions received have adequately and appropriately addressed the issues raised.
- The resultant development activity has planning merit.

Accordingly, it is recommended that the Head of Policy and Innovation:

- approve the activity; and
- sign the attached Project Determination.
