Activity Details

Organisation Case reference	P5-2024-159
Activity Name	Somersby Falls Picnic Upgrade - Brisbane Water National Park
Activity Type	Division 5.1 (Part 5) activity
Description	The Somersby Falls Precinct Upgrade includes the following works: * Decommissioning of the existing wastewater septic system, replacing it with an increased capacity compliant system. * Decommissioning of existing amenities facilities, replacing it with a new 8 stall accessible amenities structure, including rainwater collection for sustainable flushing of toilets. * Improved accessibility to/within the precinct by providing considered disabled access provisions – walking tracks, new viewing platforms and amenities. * Replacement of the single existing BBQ with 6 new gas BBQs. * Construction of an outdoor education/group area. * Construction of an increased capacity carpark and small bus turning bay/drop off zones. These works will enhance visitor safety and accessibility, whilst maintaining the nature features and character of the Somersby Falls Picnic Area.
Description	
Reason for modification
