Provide a description of the activity

Demolition of 3 existing dwellings and associated structures, tree removal and the construction of a 14 dwelling seniors housing development comprising 6 x 1 bedroom and 8 x 2 bedroom independent living units, associated landscaping and fencing, surface parking for 7 vehicles, and consolidation into a single lot.

¹. Conflict of interest includes actual and potential. A conflict of interest includes pecuniary i.e. financial interests to you or a related party or non-pecuniary i.e. benefits to relatives, friends, business associates and personal causes, etc. This includes "related persons" as defined in the Property, Stock and Business Agency Act 2002.

The above activity is submitted for determination by the Acting Executive Director, Portfolio Strategy and Origination, Housing Portfolio, Homes NSW. Plans of the activity are at **Appendix A** of the Review of Environmental Factors (REF).

The activity is “development without consent” under *State Environmental Planning Policy (Housing) 2021* (Housing SEPP). Assessment and determination under Part 5 of the *Environmental Planning & Assessment Act 1979* (the Act) is therefore required.

The activity has been developed and reviewed in accordance with the relevant legislative requirements of Part 5 of the Act and the procedures set out in the Guidelines for Division 5.1 Assessments prepared by the NSW Department of Planning and Environment.

Review of Environmental Factors assessment

A Review of Environmental Factors (REF) under Part 5 of the Act has been prepared (**Document 3**).

Notification

In accordance with the requirements of the Housing SEPP:

- Written notification of the intention to carry out the development was given to the council and occupiers of adjoining land.
- Responses to the notification received were considered and the project modified, where appropriate, to address the issues raised.

A summary of responses received and details of the consideration of the responses is provided in the REF (**at Section 7**).

Statement of Compliance

A Statement of Compliance certifies that the activity complies with the requirements of Part 5 of the Act and that the activity has planning merit (**Document 2**). Further, the Statement of Compliance certifies that the effects on the environment of the activity have been taken into account to the fullest extent possible and that the activity if carried out will not have a significant effect on the environment and hence no Environmental Impact Statement is required.

RECOMMENDATION

Considering the above and arising from my review it is considered that:

- The effects on the environment of the activity have been taken into account to the fullest extent possible.
- The activity if carried out will not significantly affect the environment and hence no Environmental Impact Statement is required.
- The additional conditions proposed in the REF in response to submissions received have adequately and appropriately addressed the issues raised.
- The resultant development activity has planning merit.

Accordingly, it is recommended that the Acting Executive Director, Portfolio Strategy and Origination, Housing Portfolio, Homes NSW:

- Approve the activity; and
- Sign the attached Activity Determination.
