OTHER INFORMATION

1. Western Sydney Airport and Western Sydney Aerotropolis

On 15 April 2014 the Australian Government confirmed that the site of Western Sydney's new airport will be Badgerys Creek. A draft Environmental Impact Statement (EIS) and draft Airport Plan were on public exhibition from 19 October to 18 December 2015.

On 15 September 2016 the final EIS was presented to the Commonwealth Minister for the Environment and Energy. On 11 November the Minister provided a notice of environmental conditions to be placed on the airport development.

On 12 December 2016 the Minister for Urban Infrastructure determined the Western Sydney Airport Plan. This determination provides the authorisation to allow the construction and operation of stage 1 of the proposed airport (a single runway facility expected to be operational in late 2026).

The Stage 1 Land Use and Infrastructure Implementation Plan (LUIIP) was exhibited between 21 August 2018 and 2 November 2018 by the Department of Planning, Industry and Environment. This plan provided an overview of future land uses and the proposed sequence of development to ensure new jobs and homes are delivered in time with infrastructure.

Between 6 December 2019 and 13 March 2020, the Western Sydney Aerotropolis Plan (WSAP) was exhibited by the Department of Planning, Industry and Environment. The WSAP sets the planning framework for the Western Sydney Aerotropolis and builds upon the exhibited LUIIP for the Aerotropolis.

On 27 June 2023, the Australian Government released its preliminary flight path design for single runway operation of the Western Sydney International (Nancy-Bird Walton) Airport for the community to view.

Further information on Western Sydney Aerotropolis is available at <https://www.planning.nsw.gov.au/Plans-for-your-area/Priority-Growth-Areas-and-Precincts/Western-Sydney-Aerotropolis>, or from the Commonwealth Department of Infrastructure, Transport, Regional Development, Communications and the Arts at <https://www.westernsydneyairport.gov.au>

2. Outer Sydney Orbital Corridor Identification, North South Rail Line and South West Rail Link Extension Corridor Identification

On 26 March 2018, the NSW Government released for comment a recommended corridor of land for the Outer Sydney Orbital, North South Rail Line and South West Rail Link Extension which may affect land in the Camden Local Government Area (LGA).

On 22 June 2018, the NSW Government announced a revised corridor of land for the Outer Sydney Orbital in response to community feedback.

On 30 June 2020, the NSW Government confirmed the final corridors to support the delivery of the proposed Sydney Metro – Western Sydney Airport project, South West Rail Link Extension and Western Sydney Freight Line. The North South Rail Line Corridor is proposed to run from the Western Sydney Airport to Macarthur, with a tunnel from Oran Park. The South West Rail Link Extension will extend the existing passenger rail line from Leppington Station to the Aerotropolis. A new State Environmental Planning Policy identifies the land that is intended to be used in the future as an infrastructure corridor.

State Environmental Planning Policy (Transport and Infrastructure) 2021, Chapter 4, identifies the location, and relevant planning controls applying to land identified within the North South Rail Line and South West Rail Link Extension corridors, including land within the Camden LGA. The identification of the Outer Sydney Orbital Corridor was not included in this State Environmental Planning Policy.

Further information is available at www.transport.nsw.gov.au/corridors
