#### **ACTIVITY DESCRIPTION**

Provide a description of the activity

Removal of trees and vegetation and the construction of a 3-storey residential flat building comprising 9 x 1-bedroom and 12 x 2-bedroom units, with associated landscaping and fencing, surface parking for 17 cars, and consolidation into a single lot.

<sup>1</sup>. Conflict of interest includes actual and potential. A conflict of interest includes pecuniary i.e. financial interests to you or a related party or non-pecuniary i.e. benefits to relatives, friends, business associates and personal causes, etc. This includes "close relative of a person" as defined in section 49(6) of the Property and Stock Agents Act 2002

The NSW Land and Housing Corporation (LAHC) is proposing the above **residential** activity under the provisions of *State Environmental Planning Policy (Housing) 2021* (Housing SEPP) which requires determination under Part 5 of the *Environmental Planning & Assessment Act 1979* (EP&A Act). This Statement of Compliance demonstrates that the Review of Environmental Factors (REF) for the proposed activity has met the requirements of Part 5 of the EP&A Act, Part 8 of the *Environmental Planning and Assessment Regulation 2021* (EP&A Regulation) and the Housing SEPP.

The REF has identified the following matters:

**1. The activity is “development permitted without consent” under the Housing SEPP**

The development:

- is by, or on behalf of, the LAHC; and
- is permissible with consent under an applicable environmental planning instrument; and
- is residential development of buildings not more than 11 metres in height, not exceeding a floor space ratio of 0.65:1 and results in not more than 75 dwellings on the site; and
- is located on land in a ‘non-accessible area’ and provides the required parking (17 car parking spaces for 9 x 1 bedroom and 12 x 2-bedroom units); and
- will result in consolidation of the site into a single lot; and
- the design of the development has considered the *Good Design for Social Housing* and the *NSW Land and Housing Corporation Design Requirements*.

**2. The notification requirements in section 43A of the Housing SEPP and LAHC’s policy have been met**

- A written request was made to Wollongong City Council to nominate persons who must, in its opinion, be notified of the proposed development.
- Written notification of the intention to carry out the development was given to Council on 11 March 2025 and to occupiers of adjoining land (including landowners requested by Council) on 12 March 2025.
- Responses to the notification received within 21 days have been taken into account comprising a submission from Wollongong City Council and 2 submissions from adjoining and nearby landowners/occupiers.
- Details of the consideration of the responses are provided in the REF (Section 7).
- Consultation with public authorities in accordance with sections 2.15 and 2.17 of the *State Environmental Planning Policy (Transport and Infrastructure) 2021* was not required.

**3. Consideration of statutory and environmental planning instruments**

- Consideration of other State Environmental Planning Policies is included in Section 6.6 of the REF. No other policies apply.
- Consideration of the relevant provisions of Wollongong Local Environmental Plan 2009 is included at Section 6.7 of the REF.
- The design of the project has adequately considered relevant provisions.

**4. Consideration of development control plans**

- Consideration of the Wollongong *Development Control Plan 2009* is included at Section 6.8 of the REF.
- The design of the development has adequately taken into account the relevant provisions of the DCP.

**5. The requirements of Section 5.5 of the EP&A Act and Sections 171 and 171A of the EP&A Regulations have been met**

- Pursuant to Section 5.5(1) of the EP&A Act, the REF has examined and taken into account to the fullest extent possible all matters affecting or likely to affect the environment by reason of the proposed activity.
- The factors to be taken into account under Sections 171 and 171A of the EP&A Regulation have been fully considered in the REF in determining the likely impact of the proposed activity on the environment and measures to mitigate potential singular and cumulative impacts associated with the proposed activity have been identified.
- As demonstrated in the completed Section 5.5 checklist (Section 6.1.1 in REF) and Section 171 checklist (Section 6.4.1 in REF), the proposed activity will not have significant effects on the environment or threatened species and as a result, an Environmental Impact Statement is not required before a decision is made whether or not the proposed activity can proceed.

**6. Commonwealth Environment Protection and Biodiversity Conservation Act 1999 (EPBC Act)**

- The activity will not have any significant impacts on matters of national environmental significance including impacts on Commonwealth land, listed threatened species, migratory species protected under international agreements, national heritage places, world heritage properties, or Ramsar wetlands of international importance, and an approval under the EPBC Act is not required.

**7. Approvals, authorisations and notifications under other Acts**

- As detailed in the REF any approvals, authorisations or notifications which are required under other Acts before the development can be carried out have been obtained or, where applicable, have been included in the recommended identified requirements.

**8. Statement of planning merit**

- The proposed activity can be carried out by, or on behalf of, LAHC as 'development permitted without consent' under the provisions of the Housing SEPP.
- Having regard to the matters addressed in the REF and the accompanying identified requirements, I consider that the proposed activity has planning merit.

**9. Certification of Compliance with Part 5 of the EP&A Act**

- I certify that the assessment undertaken in the REF complies with, and satisfies, the requirements of Part 5 of the EP&A Act and Sections 171 and 171A of EP&A Regulation.
