Dear Cameron,

**Glebe Island Silos Development Application Seeking 10 Year Consent Duration For The Ongoing Display Of Signage**

On behalf of Eye Drive Sydney PTY Ltd, I am pleased to lodge with the NSW Department of Planning, Industry and Environment this Development Application seeking a ten (10) year consent term for the display of the existing advertising signage on the Glebe Island Silos. While the subject site is located within the Inner West Council Local Government Area, the NSW Minister for Planning and Public Spaces is the Consent Authority for this application pursuant to Clause 4 of Schedule 6 of State Environmental Planning Policy (State Significant Precincts SEPP) 2005, as it is development within the area identified as Glebe Island on the Sydney Harbour Port and Related Employment Lands Map (Refer Figure 1.1), has a capital investment value less than \$10 million and is not been carried out by a public authority.

Please find enclosed:

- A copy of the completed Development Application Form;
- A letter from the Port Authority of NSW granting its consent to the lodgement of the application as land owner; and
- An electronic copy of the Statement of Environmental Effects.

It is our understanding that you will invoice the Applicant the required application fee. Given that the project is for an extension to the consent term there is no capital investment value.

Please do not hesitate to contact me should you have any queries or seek further information relating to this application on telephone number 0438 233 022.

Yours Faithfully

**Belinda Barnett**
