

Section BB' shows a cross-section of the site. The boundary is on the left, with a 1800mm offset to the garden and a 1000mm offset to the pool. The garden is 615mm wide. The pool is 3400mm wide and 1200mm deep. The pool is labeled 'POOL 23.7Kltr'. The existing groundline is shown as a dashed line. The pool is labeled 'RL 38.435 alfresco & pool'. The garden is labeled 'garden'. The pool is labeled 'POOL 23.7Kltr'. The pool is labeled 'POOL 23.7Kltr'.

[illegible]

Site plan showing the layout of a swimming pool, lawn, and garden. The plan includes dimensions for the pool (6220 x 1200), lawn (12175 x 1800), and garden (1000 x 1000). It also shows the existing groundline, a 1.2m pool fence, and boundary lines. Elevation markers indicate RL 40.62 NGL, RL 38.58 NGL, and RL 38.435 pool.

DISCLAIMER

Every effort is made to ensure the accuracy of these documents, however they should be thoroughly checked before being issued to any other persons or authority or used for construction purposes. Any inaccuracies, omissions or discrepancies should be referred back to Zenith Landscape Designs immediately.

These drawings maybe printed in whole. The drawings and parts thereof remain the intellectual property of Zenith Landscape Designs and may not be used in part or whole for any other purpose without the prior permission of Zenith Landscape Designs.

1. Vehicular pavement, fencing and built structure details shall be to Architect's specification.
2. All surface and sub-surface drainage requirements shall be to Engineers details.
3. Numeric dimensions should be taken in preference to scaling.
4. All dimensions should be checked on-site prior to commencing construction.
5. Contractors shall verify the location of all site features prior to commencing works.
6. Soil testing has not been undertaken as part of the preparation of this design; Contractors shall determine the need for soil testing prior to any planting works.
7. A search of underground services has not been undertaken as part of the preparation of this design; it is recommended that Contractors contact DIAL BEFORE YOU DIG ON 1100 prior to commencing any works.
8. This plan is to be read in conjunction with the architectural and engineering plans
9. It is recommended that an approved root barrier be installed to manufacturers recommendations to all tree planting in the vicinity of structures, walls and hard pavement areas.
