Dear Andrew

Request for Landowner's Consent to lodge a Development Application with the Department of Planning and Environment (DPE).

We refer to your request for landowner's consent for the lodgement of the following development application(s) (DAs) in an area of Kosciuszko National Park subject to the *State Environmental Planning Policy (Kosciuszko National Park-Alpine Resorts) 2007*:

Lodgement of multiple DA's in the Perisher Range Ski Resorts CML area for the following:

- Snow fencing
- North Perisher Snowmaking
- Skier conveyor
- J-Bar
- Front Valley snowmaking

Your request has been considered by the Minister for the Environment who has granted consent to lodge the DA(s), in accordance with Section 49(1)(b) of the *Environmental Planning and Assessment Regulations 2000*. It should be noted that this consent relates solely to the lodgement of the DAs and has no bearing on the outcome of any DA determination.

The approvals are based on the description, locations and details submitted as part of your request to seek Landowners Consent. Additional works, projects or locations outside of your submitted information are not covered by this consent.

The next stage is for Perisher to submit their DAs with the DPE via the planning portal and also include a copy of this letter with your documents for each DA.

If you have any enquires regarding this matter, please contact Pete Whiting, Assessment Coordinator, NPWS Resort Environment Service Team at pete.whiting@environment.nsw.gov.au

Yours sincerely

A handwritten signature in black ink, appearing to read 'Mick Pettitt', with a stylized flourish at the end.
