NOTE

1. All landscape works shall be carried out by members of the LANDSCAPE CONTRACTORS ASSOCIATION OF AUSTRALIA.
2. Contractors must verify all dimensions at the site before commencing any work or making any shop drawings. Plans must be approved before manufacturing.
3. Do not scale drawing, if in doubt - ASK
4. This Drawing is to be used in conjunction with Architectural, Hydraulic and survey plans.
5. All Existing trees to remain shall be protected as per attached report & council requirements.
6. All planting shall be in accordance with the AS 4373
7. Thoroughly eradicate weeds from all garden areas.
8. No variation to the works to be carried out without prior approval from council.
9. All materials to be the best of their respective quality and shall be supplied with approved sample type submitted or specified.
10. Substitution of plant species or varieties will not be permitted.
11. Unless otherwise specified or directed, all instructions are to be issued by the consulting landscape designer.
12. All storm water outlets & surface run off shall be to Hydrologic Engineers detail.
13. Provide sub-soil drainage to garden beds & lawn areas where required - To be confirmed on site.
14. Refer to survey plan for position of all existing services
15. Refer to Architectural elevations & Sections for existing and proposed ground levels.
16. All landscape works shall comply with all councils SWM conditions and the NEWCASTLE AUSTRALIAN COUNCIL'S SWM PLAN AND SITE SPECIFICATION C23-0-LANDSCAPING
17. Further advice - It required plants be designed & installed to comply with AS 4688 & AS 2893-1-994 & AS 2893-2-1995, AS 2893-3-1990, water board and other relevant authority regulations.
