Stage 3 Proposed Works - Carrington Hydraulic Engine House – Engine Room Sub-Floor Asbestos Remediation Strategy & Accessible Entry Ramp

Dear Christopher,

On behalf of the proponent, the Port of Newcastle, please find enclosed our Development Application for proposed Stage 3 works at the Carrington Hydraulic Engine House (Newcastle), involving asbestos remediation works within the engine room, and provision of a new accessible entry ramp.

We understand you and your team are familiar with the background of the project and will take interests in this application. We hope for your support in the proposal, which will see the significant building brought one step closer to the ultimate aim of adaptive re-use.

If you have any questions, please do not hesitate to get in touch.

Yours faithfully,

EJE HERITAGE
