Dear Cordelia,

I write to confirm I have consulted with JCDecaux regarding their proposed digital sign on Cleveland Street, Surry Hills

I confirm that I have no objections to the proposed sign in relation to the artwork that exists along the rail bridge – as commissioned by Sydney Trains alongside Balarinji. I do not believe the proposed sign has any adverse impacts upon the artwork.

Yours Sincerely,

A handwritten signature in blue ink that reads "N Dixon". The signature is written in a cursive, flowing style.

Nadeena Dixon
