- a) The cadastral overlay shown on this plan has not been established by survey and is shown in approximate positions only. If any structure is to be erected upon the land then the boundary corners MUST be marked.
- b) Underground services have not been surveyed and, if shown, are in approximate positions only. End users are warned to establish line and depth of buried assets prior to any excavation works. A "find before you dig" search MUST be made before any construction works can commence.
- c) Windows, doors, roof profiles and elevated structures are surveyed by remote measurement and are shown in indicative positions only. All detail (including levels) shown on this plan MUST NOT be used for accurate design purposes unless verified on-site before hand.
- d) All spot levels shown are based on Australian Height Datum (SMM 112298 RL 37.576)
- e) Contours show indicative relief patterns only and are not to be used for level interpolation.
- f) Contour Intervals = Nil.
