1 Industry and Employment SEPP Assessment

Industry and Employment SEPP Provision	Comment	Compliance
3.1 Aims, objectives etc.		
<p>(1) <i>This Policy aims:</i></p> <p>(a) <i>To ensure that signage (including advertising):</i></p> <p>(i) <i>is compatible with the desired amenity and visual character of an area, and</i></p> <p>(ii) <i>provides effective communication in suitable locations, and</i></p> <p>(iii) <i>is of high quality design and finish, and</i></p> <p>(b) <i>to regulate signage (but not content) under part 4 of the Act, and</i></p> <p>(c) <i>to provide time-limited consents for the display of certain advertisements, and</i></p> <p>(d) <i>to regulate the display of advertisements in transport corridors, and</i></p> <p>(e) <i>to ensure that public benefits may be derived from advertising in and adjacent to transport corridors.</i></p> <p>(2) <i>This Policy does not regulate the content of signage and does not require consent for a change in the content of signage.</i></p>	<p>(a) The proposal is assessed to be compatible with the visual character and desired amenity of the locality as it is proposed to install digital advertising signage adjacent to a major transport corridor. The sign will have a high design quality and is compatible with the land use character of the location being a local centre with limited sensitive receivers</p> <p>(b) The proposal will be assessed and regulated under Part 4 of the EP&A Act and will be appropriately managed by the Minister's conditions of consent.</p> <p>(c) Duration of consent for the proposal will be controlled by section 3.12 of the SEPP and will be consistent with the Minister's conditions of consent</p> <p>(d) The proposal does not present any significant road safety issues and is not expected to compromise road safety in its vicinity. The proposal is also regulated against the Guidelines</p> <p>(e) The proposal demonstrates public benefit by providing a revenue stream for the State Government and by providing important information to customers in special events and circumstances</p>	✓

3.2 Definitions		
	<p>The proposal constitutes an advertisement to which Part 3 of the SEPP applies</p> <p>The Pacific Highway is a State classified road (Highway 10) under the <i>Roads Act 1993</i></p> <p>The proposal constitutes a freestanding advertisement on railway corridor land</p>	✓
3.6 Granting of consent to signage		
<p><i>A consent authority must not grant development consent to an application to display signage unless the consent authority is satisfied:</i></p> <p>(a) <i>that the signage is consistent with the objectives of this Policy as set out in section 3.1 (1) (a), and</i></p> <p>(b) <i>that the signage the subject of the application satisfies the assessment criteria specified in Schedule 5.</i></p>	<p>An assessment against section 3.1 (1) (a) is provided above.</p> <p>The SEE undertakes a detailed assessment demonstrating that the proposal is consistent with the objectives of the Policy and the Assessment Criteria specified in Schedule 5</p>	✓
3.7 Advertisements to which this Part applies		
<p>(1) <i>This Part applies to all signage to which this Policy applies, other than the following:</i></p> <p>(a) <i>business identification signs,</i></p> <p>(b) <i>building identification signs,</i></p> <p>(c) <i>signage that, or the display of which, is exempt development under an environmental planning instrument that applies to it,</i></p> <p>(d) <i>signage on vehicles.</i></p> <p>(2) <i>Despite subsection (1) (d), section 3.26 applies to signage on a trailer (within the meaning of the Road Transport Act 2013).</i></p>	<p>The proposal constitutes an advertisement under the provisions of Part 3</p>	✓
3.8 Prohibited advertisements		
<p>(1) <i>Despite the provisions of any other environmental planning instrument, the display of an advertisement is prohibited on land that, under an environmental planning instrument, is within any of the following zones or descriptions:</i></p> <ul style="list-style-type: none"> <i>environmentally sensitive area</i> <i>heritage area (excluding railway stations)</i> <i>natural or other conservation area</i> <i>open space</i> 	<p>The land upon which the sign is proposed to be erected is not described as being within any of the zones or descriptions identified and therefore it is not a prohibited advertisement</p> <p>The proposal is located within the Pymble Station Group Local Heritage Item, however, this is a railway station which is excluded under this section</p>	✓

<ul style="list-style-type: none"> • <i>waterway</i> • <i>residential (but not including a mixed residential and business zone, or similar zones)</i> • <i>scenic protection area</i> • <i>national park</i> • <i>nature reserve</i> <p>(2) <i>This clause does not apply to the following:</i></p> <p>(a) <i>the Mount Panorama Precinct,</i></p> <p>(b) <i>the display of an advertisement at a public sporting facility situated on land zoned public recreation under an environmental planning instrument, being an advertisement that provides information about the sponsors of the teams or organisations using the sporting facility or about the products of those sponsors.</i></p>	<p>It is noted that as the proposed sign is on behalf of Sydney Trains and is located within a railway corridor, it is permissible with consent under chapter 3, section 3.14 of SEPP Industry and Employment.</p>	
3.10 Consent authority		
<p><i>For the purposes of this Policy, the consent authority is:</i></p> <p>(a) <i>the council of a local government area in the case of an advertisement displayed in the local government area (unless paragraph (c), (d) or (e) applies), or</i></p> <p>(b) <i>TfNSW in the case of an advertisement displayed on a vessel, or</i></p> <p>(c) <i>the Minister for Planning in the case of an advertisement displayed by or on behalf of RailCorp, NSW Trains, Sydney Trains, Sydney Metro or TfNSW on a railway corridor, or</i></p> <p>(d) <i>the Minister for Planning in the case of an advertisement displayed by or on behalf of RMS on -</i></p> <p>(i) <i>a road that is a freeway or tollway (under the Roads Act 1993) or associated road use land that is adjacent to such a road, or</i></p> <p>(ii) <i>a bridge constructed by or on behalf of RMS on any road corridor, or</i></p> <p>(iii) <i>land that is owned, occupied or managed by RMS, or</i></p> <p>(e) <i>the Minister for Planning in the case of an advertisement displayed on transport corridor land comprising a</i></p>	<p>In accordance with section 3.10(c), the Minister for Planning is the consent authority for the proposal as it is on behalf of Sydney Trains on a railway corridor.</p>	<p>✓</p>

3.11. Matters for consideration		
<p>(1) <i>A consent authority (other than in a case to which subsection (2) applies) must not grant consent to an application to display an advertisement to which this Policy applies unless the advertisement or the advertising structure, as the case requires:</i></p> <p>(a) <i>is consistent with the objectives of this Policy as set out in section 3.1 (1) (a), and</i></p> <p>(b) <i>has been assessed by the consent authority in accordance with the assessment criteria in Schedule 1 and the consent authority is satisfied that the proposal is acceptable in terms of its impacts, and</i></p> <p>(c) <i>satisfies any other relevant requirements of this Policy.</i></p> <p>(2) <i>If the Minister for Planning is the consent authority or section 3.16 or 3.22 applies to the case, the consent authority must not grant consent to an application to display an advertisement to which this Policy applies unless the advertisement or the advertising structure, as the case requires:</i></p> <p>(a) <i>is consistent with the objectives of this Policy as set out in section 3.1 (1) (a), and</i></p> <p>(b) <i>has been assessed by the consent authority in accordance with the assessment criteria in Schedule 5 and in the Guidelines and the consent authority is satisfied that the proposal is acceptable in terms of</i></p> <p>(i) <i>design, and</i></p> <p>(ii) <i>road safety, and</i></p> <p>(iii) <i>the public benefits to be provided in connection with the display of the advertisement, and</i></p>	<p>The proposal satisfies the objectives detailed in section 3.11(1).</p> <p>The SEE concludes that the proposal is consistent with the assessment criteria detailed in Schedule 5 and in the Signage Guidelines.</p> <p>As part of the application, the Applicant has committed to the provision of funding towards essential Sydney Trains services to the benefit of the local community.</p>	<p>✓</p>

<p>(c) <i>satisfies any other relevant requirements of this Policy.</i></p> <p>(3) <i>In addition, if section 3.16 or 3.22 applies to the case, the consent authority must not grant consent unless arrangements that are consistent with the Guidelines have been entered into for the provision of the public benefits to be provided in connection with the display of the advertisement.</i></p>		
3.12 Duration of consents		
<p>(1) <i>A consent granted under this Part ceases to be in force:</i></p> <p>(a) <i>on the expiration of 15 years after the date on which the consent becomes effective and operates in accordance with section 83 of the Act, or</i></p> <p>(b) <i>if a lesser period is specified by the consent authority, on the expiration of the lesser period.</i></p> <p>(2) <i>The consent authority may specify a period of less than 15 years only if:</i></p> <p>(a) <i>before the commencement of this Part, the consent authority had adopted a policy of granting consents in relation to applications to display advertisements for a lesser period and the duration of the consent specified by the consent authority is consistent with that policy, or</i></p> <p>(b) <i>the area in which the advertisement is to be displayed is undergoing change in accordance with an environmental planning instrument that aims to change the nature and character of development and, in the opinion of the consent authority, the proposed advertisement would be inconsistent with that change, or</i></p> <p>(c) <i>the specification of a lesser period is required by another provision of this Policy.</i></p>	<p>It is acknowledged that any consent granted for the application would expire 15 years after the date on which the consent becomes effective.</p>	<p>✓</p>
3.14 Transport corridor land		
<p>(1) <i>Despite section 3.8(1) and the provisions of any other environmental planning instrument, the display of an advertisement on transport corridor land is permissible with development</i></p>	<p>(1) In accordance with subsection (1)(a), the proposal is permissible with development consent as the application is for the display</p>	<p>✓</p>

However, the sign is effectively screened from this area by and sits below tree canopies on the southern side of Pacific Highway</p> <p>The proposed signage will not be higher than other built form elements on Pacific Highway, which are primarily two storeys in height,</p> <p>The proposed sign therefore does not protrude above the dominant skyline including any buildings, structures or tree canopies, when viewed from ground level within a visual catchment of 1 kilometre.</p>	
3.22 Advertisements on bridges		
<p>(1) <i>A person may, with the consent of the consent authority, display an advertisement on a bridge.</i></p> <p>(2) <i>The consent authority may grant consent only if the consent authority is satisfied that the advertisement is consistent with the Guidelines.</i></p> <p>(3) <i>(Repealed)</i></p>	<p>The proposal is located on a retaining wall and is consistent with the Guidelines</p>	<p>N/A</p>

2 Transport Corridor Advertising and Signage Guidelines Assessment

2.1 Land Use Compatibility Criteria – Transport Corridor Advertising

Land Use Compatibility Criteria	Response	Compliance
i. <i>The use of outdoor advertising in a given locality should not be inconsistent with the land use objectives for the area outlined in the relevant LEP.</i>	<p>The proposal is compatible with the desired amenity and visual character of the area given the site is located adjacent to a major road corridor and the Pymble local centre comprised of retail and business uses. The surrounding area is zoned B2 Local Centre, B4 Mixed Use and R4 High Density. The proposal is consistent with the urban character of these zones.</p> <p>The proposal is located on land zoned SP2 under the KLEP 2015. The proposal is consistent with the SP2 zone objectives in the KLEP 2015 as it is compatible with and will not detract from the rail or road corridor.</p>	✓
ii. <i>Advertisements must not be placed on land where the signage is visible from the following areas, if it is likely to significantly impact on the amenity of those areas:</i> <ul style="list-style-type: none"> • <i>environmentally sensitive area</i> • <i>heritage area (excluding railway stations)</i> • <i>natural or other conservation area</i> • <i>open space (excluding sponsorship advertising at sporting facilities in public recreation zones)</i> • <i>waterway</i> • <i>residential area (but not including a mixed residential and business zone, or similar zones)</i> • <i>scenic protection area</i> • <i>national park or nature reserve.</i> 	<p>The proposal is not visible from any:</p> <ul style="list-style-type: none"> • environmentally sensitive areas • waterways • scenic protection areas • national parks or nature reserves <p>The proposal is located close to local heritage items and Heritage Conservation Areas (HCAs); however, the following points limit the visibility of the proposed sign from heritage items and HCA's:</p> <ul style="list-style-type: none"> • the sign's orientation • view obstruction caused by surrounding built form • road curvature • existing vegetation <p>The nearest residents are located approximately 34m southeast within a residential flat building at 3 Pymble Avenue. 	and vegetation blocking views to the proposed sign.	
iii. <i>Advertising structures should not be located so as to dominate or protrude significantly above the skyline or to obscure or compromise significant scenic views or views that add to the character of the area.</i>	The sign will be located on the southern side of the Pacific Highway and is consistent with the height of surrounding buildings, being predominantly two storeys, together with surrounding road and electrical infrastructure. The proposal will not compromise any significant scenic views.	✓
iv. <i>Advertising structures should not be located so as to diminish the heritage values of items or areas of local, regional or state heritage significance.</i>	The proposal is located close to local heritage items and Heritage Conservation Areas (HCAs); however, the following points limit the visibility of the proposed sign from heritage items and HCA's: <ul style="list-style-type: none"> the sign's orientation view obstruction caused by surrounding built form road curvature existing vegetation 	✓
v. <i>Where possible, advertising structures should be placed within the context of other built structures in preference to non-built areas. Where possible, signage should be used to enhance the visual landscape. For example, signs may be positioned adjacent to, or screening, unsightly aspects of a landscape, industrial sites or infrastructure such as railway lines or power lines.</i>	The proposal is considered to be consistent with the context of the area, being an established major road corridor and commercial local centre. The proposal will provide visual interest to motorists and pedestrians travelling north-west along the Pacific Highway.	✓

2.2 Digital Sign Criteria

Design Sign Criteria	Comment	Compliance
a. <i>Each advertisement must be displayed in a completely static manner, without any motion, for the approved dwell time as per criterion (d) below</i>	Static digital advertisements will appear on the screen for a minimum 10 second dwell time before changing to a new static digital image.	✓
b. <i>Message sequencing designed to make a driver anticipate the next message is prohibited across images presented on a single sign and across a series of signs.</i>	The signage content will be managed in order to comply with the requirements for message sequencing.	✓

Design Sign Criteria	Comment	Compliance
<p>c. <i>The image must not be capable of being mistaken:</i></p> <p>i. <i>For a prescribed traffic control device because it has, for example, red, amber or green circles, octagons, crosses or triangles or shapes or patterns that may result in the advertisement being mistaken for a prescribed traffic control device.</i></p> <p>ii. <i>As text providing driving instructions to drivers.</i></p>	The signage content will be managed in order to ensure images are not capable of being mistaken for a traffic control device or as text providing driving instructions to drivers.	✓
<p>d. <i>Dwell times for image display must not be less than:</i></p> <p>i. <i>10 seconds for areas where the speed limit is below 80km/h</i></p> <p>ii. <i>25 seconds for areas where the speed limit is 80km/h and over</i></p>	A compliant minimum dwell time of 10 seconds is proposed.	✓
e. <i>The transition time between messages must be no longer than 0.1 seconds, and in the event of image failure, the default image must be a black screen.</i>	The transition time between messages will be no longer than 0.1 seconds and the default image in the event of image failure will be a black screen.	✓
f. <i>Luminance levels must comply with the requirements in Section 3 below.</i>	The Luminance criteria are addressed within the LIA and the SEE.	✓
g. <i>The images displayed on the sign must not otherwise unreasonably dazzle or distract drivers without limitation to their colouring or contain flickering or flashing content.</i>	The signage content will be managed to ensure drivers are not unreasonably distracted.	✓
h. <i>The amount of text and information supplied on a sign should be kept to a minimum (e.g. no more than a driver can read at a short glance).</i>	The signage content will be managed to ensure text and information is kept to a minimum.	✓
i. <i>Any sign that is within 250m of a classified road and is visible from a school zone must be switched to a fixed display during school zone hours.</i>	The proposal will not be visible from a school zone.	✓
j. <i>Each sign proposal must be assessed on a case-by-case basis including replacement of an existing fixed, scrolling or tri-vision sign with a digital sign, and in the instance of a sign being</i>	This SEE provides a comprehensive assessment of the proposal and considers impacts of the digital advertising sign from the north/westbound direction of the Pacific Highway.	✓

Design Sign Criteria	Comment	Compliance
<i>visible from each direction, both directions for each location must be assessed on their own merits.</i>		
k. <i>At any time, including where the speed limit in the area of the sign is changed, if detrimental effect is identified on road safety post installation of a digital sign, RMS reserves the right to re-assess the site using an independent RMS-accredited road safety auditor. Any safety issues identified by the auditor and options for rectifying the issues are to be discussed between RMS and the sign owner and operator.</i>	This requirement is noted.	✓

Table 2: Digital Sign Criteria – Signage Guidelines

2.3 Freestanding Advertisements Criteria

Freestanding Signage Criteria	Response	Compliance
<i>a. The advertising structure must not protrude above the dominant skyline, including any buildings, infrastructure or tree canopies, when viewed from ground level within a visual catchment of 1km. Note: This impact should be measured from the vehicle approach location and any other critical viewpoints.</i>	The sign is not considered to protrude above the dominant skyline or other built forms.	✓
<i>b. For a freestanding advertisement greater than 45sqm that requires consent from local council, a DCP must be in force that has been prepared on the basis of an advertising design analysis for the relevant area or precinct.</i>	The proposed sign is not greater than 45sqm.	✓
<i>c. Where the sign is in a transport corridor a landscape management plan may be required as part of the DA approval for a freestanding advertisement. This may include requirements to provide appropriate vegetation behind and adjacent to the advertising structure to minimise unintended visual impacts. Landscaping should include trees, shrubs and ground covers to provide adequate screening, softening, colour, soil stabilisation and weed reduction.</i>	The proposal is not located within a vegetated area and therefore no landscape management plan is required.	✓
