WASTE MANAGEMENT PRACTICES IN ALL DEVELOPMENT TYPES

If applicable, describe arrangements and responsibilities for moving bins from their usual storage area to the place at which they are emptied.

An appointed person or care taker will ensure general tidiness and accessibility of bins in this area.
The care taker will transport all bins to an open driveway area at the front of the site for the company trucks to service the bins.

Describe arrangements and responsibilities for cleaning bins, waste storage rooms/areas, and other waste management facilities.

An appointed person or care taker will be responsible for ensuring that the bins at the allocated area as shown on the plans is kept in good order and cleaned regularly.

Describe arrangements and responsibilities for maintaining waste storage rooms/areas (including signage) and other waste management facilities.

The same appointed person or care taker will be responsible for ensuring the bins and their receptacles are kept in good order and that surrounding space is cleaned regularly and kept free of waste items.

Describe arrangements for educating staff (in non-residential development) and contractors of on-site waste management practices.

The appointed person or care taker will be responsible for educating all workers on proper waste disposal practices and notify relevant parties when such practices are not kept.

Describe other waste management practices relating to the ongoing use of the premises.

No other ongoing waste services are anticipated at this stage.
