

LANDSCAPE SCHEMATIC PLANTING PLAN

INFORMAL OUTDOOR LEARNING AREA

Planting selection for the site has been chosen to be sensitive to the existing site with a majority of native species.

The selection is to reinforce the connection to existing plantings from the 1930's tannery and 1970's planned gardens.

PROPOSED PLANT SCHEDULE					
KEY	BOTANICAL NAME	COMMON NAME	QTY	MATURE HGT	POT SIZE
AC CV MA	SHRUBS
