

This aerial map of a golf course features several numbered regions (2-18) outlined in red. A prominent hatched area, labeled 'DRIVEWAY', runs horizontally across the lower-middle section. To the left of the driveway, a small rectangular area is also hatched. The map includes numerous contour lines and several 'LP' markers with arrows pointing to specific locations. Distances are marked along the driveway: 425m, 400m, 350m, and 300m. Region 2 is enclosed by a dashed green line. The map also shows various green spaces, sand traps, and wooded areas.
