

CONCEPT SIGNAGE STRATEGY

Thredbo Golf Course Subdivision

1 Purpose

The purpose of this concept signage strategy is to outline the indicative types of signage that will be used throughout the golf course.

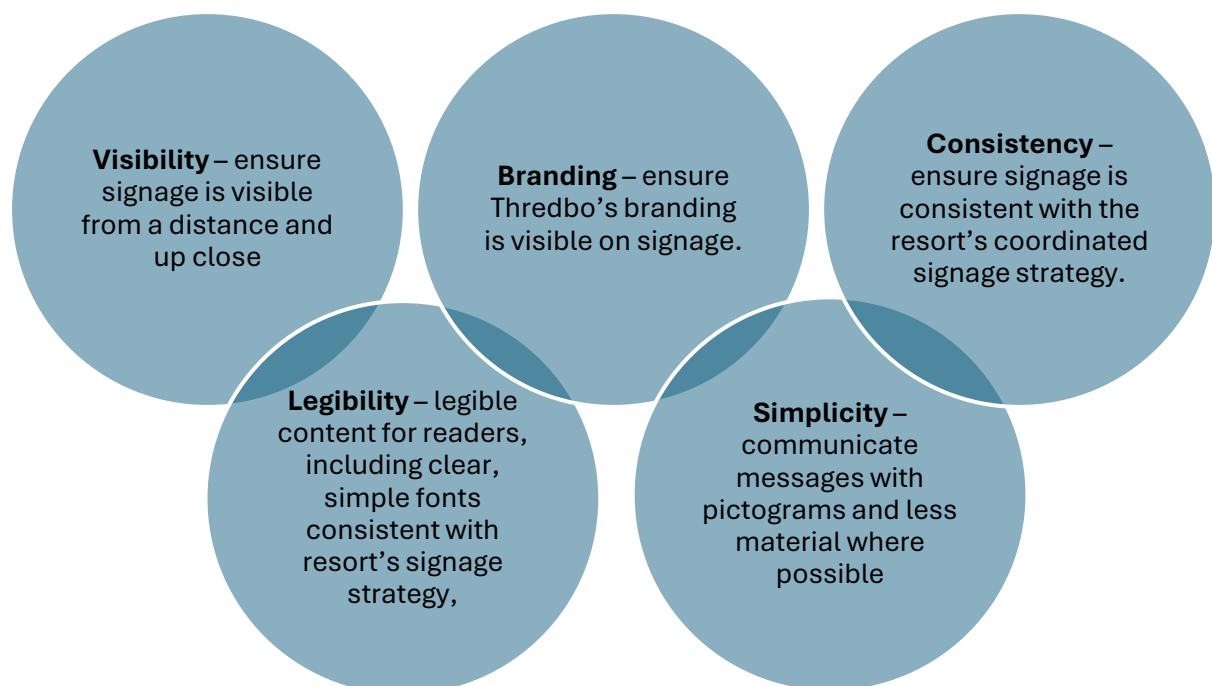

A detailed signage strategy (including signage particulars and location) for any signage that is not exempt development under the Precincts – Regional SEPP will form part of detailed design and prepared at the Construction Certificate stage. No signage will be illuminated.

Signage details including sizing and arrangements will be in accordance with the relevant Australian Standards.

2 Objectives

- Utilise design principles consistent with the resorts coordinated signage strategy.
- Signage to be sympathetic to the locality.

3 Principles

4 Signage Examples

Table 1: Signage examples throughout golf course

SIGN TYPE	LOCATION	PURPOSE	TYPE	EXAMPLE
Subdivision entry sign	Entry to subdivision	Identification signage at primary entrance to provide a sense of place and arrival.	Mounted sign panel	
Golf course sign	Main entry point to the golf course	Promote facility and create sense of approval, wayfinding and rules of use	Pylon sign, mounted aluminum sign panel	
Pedestrian directional	Start of trails, along pedestrian routes	Wayfinding / directional signage	Steel pillar, aluminum mounted sign panel	
Golf course directional	Throughout golf course	Wayfinding / directional signage	Post mounted aluminum sign panel	 

SIGN TYPE	LOCATION	PURPOSE	TYPE	EXAMPLE
Informative	Public areas	Wayfinding / directional signage	Mounted corflute sign	
Vehicle wayfinding	Intersection with Crackenback Drive	Wayfinding / directional signage	Post mounted, aluminum	
Services signage	Services infrastructure	Warning signage	Mounted sign panel, aluminum	

Notes: Indicative only. Signage types may be subject to change during detailed design.
