Subject

Cultural Assessment of Mooring Site near Echuca East Boat Ramp

Hi Nick

Firstly Apologies for the delay in getting to your Inspection Request

I visited this location on the 1st of April 2023 , at the Location I met the Owner of the Mooring Site Mr Nick Burls, who has been requested by the Campaspe Shire Council to arrange a Cultural Heritage Assessment. During my Inspection of the site I did notice some Minor erosion concerns but was not able to find any Evidence of Indigenous Activities or Artifacts Evidence that would lead to any further Investigations of this Site.

Please advise further if required

Cheers for now

Leon Atkinson
