

Department of Planning
Housing and Infrastructure

Issued under the Environmental Planning and Assessment Act 1979

Approved Application No DA 23/14870

Granted on the 15 March 2024

Signed E Murphy

Sheet No 11 of 19

Notes:

Existing drainage consists of a rubble drip strip drain, small extension is proposed to be connected using the same method to existing.

Stormwater is directed away from the building with no impact on adjoining properties.

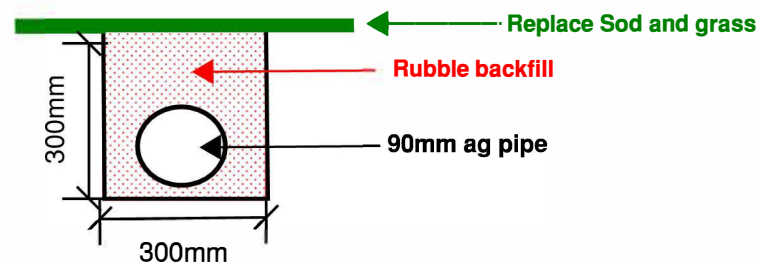

Downslope of the subject building is a driveway and ski slope.

Stormwater is currently managed affectively with no impact on adjoining or adjacent properties and the small extension will add only minimal additional flow.

Legend

- Existing stormwater drainage
- New drainage line connected to existing
- Drainage is directed downslope away from the building
