

## EP&A Regulation 2000 Compliance Table

A development application under Schedule 1 (2) – Forms of the Environmental Planning and Assessment Regulation 2000 is to be accompanied by the following information.

No	Requirement	Response
Information to be included in development application		
1(a)	Name and address of the Applicant	This is provided on the Council DA Form and within the SoEE.
1(b)	A description of the development to be carried out	
1(c)	The address, and formal particulars of title, of the land on which the development is to be carried out	
1(d)	An indication as to whether the land is, or is part of, critical habitat	The site is not identified as a critical habitat.
1(e)	An indication as to whether the development is likely to significantly affect threatened species, populations or ecological communities, or their habitats, unless the development is to be taken to be development that is not likely to have such an effect because it is a biodiversity compliant development.	
1(ea)	For biodiversity compliant development, an indication of the reason why the development is biodiversity compliant development.	
1(f)	A list of authorities from which concurrence must be obtained before the development may be lawfully carried out or from which concurrence would have been required, but for section 4.13 (2A) or 4.41	This is provided on the Council DA Form and within the SoEE. The development is classified as integrated. Referral to NSW RFS and NRAR is required.
1(f1)	In the case of an application that is accompanied by a biodiversity development assessment report, the reasonable steps taken to obtain the like-for-like biodiversity credits required to be retired under the report to offset the residual impacts on biodiversity values if different biodiversity credits are proposed to be used as offsets in accordance with the variation rules under the Biodiversity Conservation Act 2016.	The development does not propose the removal of any vegetation. Accordingly, the application does not require a BDAR.
1(f2)	If the land is subject to a private land conservation agreement under the Biodiversity Conservation Act 2016, a description of the kind of agreement and the area to which it applies.	

1(g)	A list of any approvals of the kind referred to in section 4.46(1) of the Act that must be obtained before the development may be lawfully carried out.	Referral to NSW RFS and NRAR is required.
1(g1)	In the case of State significant development, a list of any authorisations that must be provided under section 4.4 of the Act in relation to the development.	The development is not identified as State significant.
1(h)	The estimated cost of the development.	The estimated cost of the development is identified on the Council DA Form.
1(h1)	In the case of State Significant development, the capital investment value of the development.	The development is not defined as State significant.
1(i)	Evidence that the owner of the land on which the development is to be carried out consents to the application, but only if the application is made by a person other than the owner and the owner's consent is required by this Regulation.	The owners' consent is provided on the Council DA Form.
1(j)	A list of the documents accompanying the application.	A list of documents accompanying this application is provided within this Statement of Environmental Effects.
<b>Documents to accompany development application</b>		
2 (a)	A site plan of the land	A site plan is provided within this Statement of Environmental Effects.
2(b)	A sketch of the development	Development plans for the development is provided within this Statement of Environmental Effects.
2(c)	A statement of environmental effects (in the case of development other than designated development or State significant development)	This table is an attachment to the SoEE.
2(d)	In the case of development that involves the erection of a building, an A4 plan of the building that indicates its height and external configuration, as erected, in relation to its site (as referred to in clause 56 of this Regulation)	Development plans for the development provided within this Statement of Environmental Effects.
2(e)	An environmental impact statement (in the case of designated development or State significant development)	The development is not defined as designated or state significant.
2(f)	A species impact statement (in the case of land that is, or is part of, critical habitat or development that is likely to significantly affect threatened species, populations or ecological communities, or their	Nothing on the site suggests that an SIS should be prepared for this DA.

	habitats, but not if the development application is for State significant development	
2(g)	If the development involves any subdivision work, preliminary engineering drawings of the work to be carried out	The development proposal does not include subdivision.
2(h)	If an environmental planning instrument requires arrangements for any matter to have been made before development consent may be granted (such as arrangements for the provision of utility services), documentary evidence that such arrangements have been made.	This SoEE discusses 'essential services' and the approach taken.
2(i)	<p>If the development involves a change of use of a building (other than a dwelling-house or a building or structure that is ancillary to a dwelling-house and other than a temporary structure):</p> <p>(i) a list of the Category 1 fire safety provisions that currently apply to the existing building, and</p> <p>(ii) a list of the Category 1 fire safety provisions that are to apply to the building following its change of use</p>	The proposed development is not a change of use.
2(j)	If the development involves building work to alter, expand or rebuild an existing building, a scaled plan of the existing building	The proposed development is not an alteration, expansion or rebuild of an existing building.
2(k)	If the land is within a wilderness area and is the subject of a wilderness protection agreement or conservation agreement within the meaning of the Wilderness Act 1987, a copy of the consent of the Minister for the Environment to the carrying out of the development	The proposed development is not located within a wilderness area.
2(k1)	In the case of development comprising mining for coal (within the meaning of section 380AA of the Mining Act 1992)—documentary evidence that the applicant holds an authority under the Mining Act 1992 in respect of coal and the land concerned or has the written consent of the holder of such an authority to make the development application.	The development does not compromise mining for coal.
2(l)	In the case of development to which clause 2A applies, such other documents as any BASIX certificate for the development requires to accompany the application.	A BASIX Certificate accompanies this application.
2(m)	In the case of BASIX optional development—if the development application is accompanied by a BASIX	

	certificate or BASIX certificates (despite there being no obligation under clause 2A for it to be so accompanied), such other documents as any BASIX certificate for the development requires to accompany the application	
2(n)	<p>If the development involves the erection of a temporary structure, the following documents:</p> <ul style="list-style-type: none"> <li>(i) documentation that specifies the live and dead loads the temporary structure is designed to meet,</li> <li>(ii) a list of any proposed fire safety measures to be provided in connection with the use of the temporary structure,</li> <li>(iii) in the case of a temporary structure proposed to be used as an entertainment venue—a statement as to how the performance requirements of Part B1 and NSW Part H102 of Volume One of the Building Code of Australia are to be complied with (if an alternative solution, to meet the performance requirements, is to be used),</li> <li>(iv) documentation describing any accredited building product or system sought to be relied on for the purposes of section 4.15 (4) of the Act,</li> <li>(v) copies of any compliance certificates to be relied on</li> </ul>	The development does not involve the erection of any temporary structures.
2(o)	In the case of a development involving the use of a building as an entertainment venue or a function centre, pub, registered club or restaurant—a statement that specifies the maximum number of persons proposed to occupy, at any one time, that part of the building to which the use applies	This development will not involve a building as an entertainment venue or a function centre, pub, registered club or restaurant.
