This brief report should be read in conjunction with the Statement of Environmental Effects accompanying a DA Application for subdivision of lots impacted by the realignment of the Newell Highway and ancillary Narromine Shire Council-owned roads.

Should the proposed subdivision of lots (listed on the cover) be approved there will be no impact on items of Historic nor Aboriginal Cultural Heritage.

The approval of SSD-9176045 in February 2023 (Tomingley Gold Extension Project) took into account the three assessments listed below

This proposed subdivision is essential for cadastral boundary simplifications and to create a building entitlement for an existing house on a lot (>400Ha).
