What is a Statement of Environmental Effects?

A Statement of Environmental Effects (SEE) is a detailed report that describes the proposed development and identifies any likely or potential impacts. The report will also outline proposed measures to mitigate these impacts. The statement includes written information about the proposed development that cannot be readily shown on the submitted plans and drawings.

A well prepared SEE allows opportunity to demonstrate the merits of the proposal. In contrast, a poorly prepared SEE often leads to requests for more information, delaying the assessment until matters have been resolved. The submission of a SEE is a chance to provide Council with logical, rational and reasonable arguments for the proposed development. It is also a chance to demonstrate that the environment has been considered in the design stage by highlighting concerns and the means proposed to avoid, minimise, mitigate or manage them.

When is a Statement of Environmental Effects required?

Under the provisions of Schedule 1 of the Environmental Planning and Assessment Regulation 2000, **all development applications** must be accompanied with a SEE. The complexity of an application will determine the extent of information to be provided.

What to include in a Statement of Environmental Effects

The SEE should address all the issues that are applicable to your proposal. As a minimum, the SEE is to address the following matters:

- a) A detailed description of the proposal
- b) the environmental impacts of the development,
- c) how the environmental impacts of the development have been identified,
- d) the steps to be taken to protect the environment or to lessen the expected harm to the environment,
- e) in some cases, the SEE will also have to consider any matters indicated by any guidelines issued by the Director-General.

An accurately prepared SEE will enable Council Officers to assess applications efficiently and avoid any delays in the assessment process. Council has the authority to reject an application that it regards as being insufficient or incomplete. For proposals that are likely to have minimum impact, a brief SEE will be sufficient.

The following **Statement of Environmental Effects Standard Form** can be used as a general guide for small scale development, such as:

- dwellings;
- carports;
- swimming pools;
- shed;
- boundary adjustments;
- dual occupancy; or
- change of use.

STATEMENT OF ENVIRONMENTAL EFFECTS

29 Belmore Street JUNEE
 Postal Address: PO Box 93, JUNEE NSW 2663
 Phone: (02) 6924 8100
 Fax: (02) 6924 2497

This Statement of Environmental Effects is not exhaustive and where insufficient information has been provided Council reserves the right to stop the assessment of the application pending the submissions of more detailed information.

Development applications which are of a larger scale will require a more detailed Statement of Environmental Effects

Proposal

Provide a detailed description of the proposed development

Secondary dwelling with attached verandah & carport

New associated shed

Site Analysis

Describe the existing use of the site:

Residential site with existing dwelling and sheds on site

Describe the proposed use of the site:

Residential

Are there any known site constraints:

No known

Consider factors such as flooding, slope, bushfire, land contamination etc.

Permissibility

Is the proposed use permissible in the zone under the Junee Local Environmental Plan 2012 (JLEP)? Does it meet the objectives of the zone:

Yes

Are there matters or provisions specified for consideration under the JLEP?

Reduced side setback - to be same as existing shed

What are the relevant DCPs applicable to the development? Is the development consistent with the DCPs?

Junee DCP

If the development does not strictly comply with standards of the JLEP and/or DCPs, does it have merit for the proposed variation?

Yes there is merit. The reduced setback will have no negative impact on the development or the adjacent property.

Context and setting

Does the development fit with character of the area? <i>Consider the compatibility of the development with adjoining/nearby land uses.</i>	Yes
Is the development consistent with the visual streetscape of the locality? <i>Consider external alterations, signage etc.</i>	Not visible from street
Is the development affecting/ located near an item with heritage significance? If so, are there any likely impacts on this item due to the development?	No
Will the proposed development affect privacy, views and/or overshadowing of adjoining properties? <i>Shadow diagrams are required if there is potential for overshadowing or if the development is two storeys or more</i>	No
Will the proposed development generate offensive noise or vibration? If so, what measures will be used to mitigate the noise sources?	No

Operational Uses (for commercial uses only)

Hours and days of operation:	Please tick	From	To
	<input type="checkbox"/> Sunday		
	<input type="checkbox"/> Monday		
	<input type="checkbox"/> Tuesday		
	<input type="checkbox"/> Wednesday		
	<input type="checkbox"/> Thursday		
	<input type="checkbox"/> Friday		
	<input type="checkbox"/> Saturday		
Number of staff:			
Onsite activities:			

Type and quantity of raw materials, finished products and waste products to be stored onsite:	
Identify any proposed hazardous materials or processes:	
Does the development include skin penetration practices? Please describe accordingly: <i>Consider the provisions of the NSW Health Authority</i>	
Does the development include food preparation practices? Please describe accordingly: <i>Consider the provisions of the NSW Food Act 2003 and FSANZ Food Standards</i>	
Does the development include the placement of signs? Please indicate the number of signs and describe accordingly: <i>Consider the size, colours, wording, location, etc. Refer to SEPP No. 64 – Advertising and Signage</i>	

Traffic and Access

Provide details of accessibility for vehicles, pedestrians, bicycles and disabled persons:	
Will local traffic movements or volume be affected? Provide details of traffic movements:	
Will additional requirements for access, onsite car parking, loading and unloading be required?	
How many onsite car parking spaces are provided for the development? <i>Refer to Council's DCP No. 20 – Off Street Parking Policy</i>	

Utilities

Does the development require access to reticulated water, sewer and storm water drainage systems? How will these be provided?	
---	--
