^ This figure is your usage shown as an average per day over the number of days that apply to this rate.

Next meter read

Your next meter reading is planned to occur during 18 - 28 Nov 2022.

Please ensure safe and clear access to the meter. If your meter is not accessible an estimate is taken.

Electricity usage and greenhouse gas emissions

Average daily use (kWh)
This account: **0.92**
Same time last year: **0**
Average cost per day
(incl. GST): **\$0.95**

Total greenhouse gas emissions
(Tonnes) this account: **0.04**

For more information visit
www.switchon.vic.gov.au

To reduce your greenhouse
gas emissions, call us on
133 466 to find out how you
can support green energy.

Compare your electricity usage with similar households in your area.

How it works:

- Select the household size that represents the number of people in your home,
- Compare the 'Average daily consumption benchmark' to 'Your household daily consumption'.

To find out more about how average household energy usage is calculated and get some energy efficiency tips, visit www.energymadeeasy.gov.au

Your household daily consumption (kWh)	0.92	
Household size without swimming pool	Average daily consumption benchmark (kWh)	Rating
1 person	10.08	✓
2 people	17.01	✓
3 people	20.67	✓
4 people	23.35	✓
5 people	30.01	✓

This benchmark applies to residential electricity consumption. It is calculated based on figures provided by the Australian Energy Regulator (AER) and is indicative only. Consumption benchmarks exclude some large appliances, such as pool pumps, and generation systems (e.g. PV). For more information or useful energy efficiency tips, visit www.energymadeeasy.gov.au
