Note
1) All dimensions and underground service locations to be checked on site prior to the commencement of work.
2) Use figured dimensions only, Do not scale.
3) Finished ground levels shown on plan are subject to site conditions.
4) It is the owners responsibility to ensure that the engineer has investigated subsoil conditions and designed all structural elements to suit.
5) Bulkheads may be required to accomodate drainage lines and steel beams position to be determined on site.
