

10th May 2024

Attention: Canterbury Bankstown Council

RE: 8 Chauvel Avenue Milperra

With reference to the attached application for a development application for a shed with bathroom, please be advised that we wish to provide the following statement of proposed use:

The shed is intended for storage use only; some of materials to be stored include car parts as my husband is a motor mechanic and has interests in mechanics outside of work as a hobby. The nature of these parts is that they can be greasy. The bathroom is to be used to ensure that this grease can be removed from persons, ie my husband, handling the parts.
