Dear Vince,

**RE: DA 24/12432, Village Green Stormwater Infrastructure Repairs
Design Statement of Pipe Suitability**

This Design Statement confirms that the proposed 300mm PVC Stormwater replacement at the Thredbo Village Green is of sufficient size to accommodate the design rainfall intensity and catchment area at the site in accordance with ASNZS 3500.3 Plumbing and Drainage: Stormwater.

Should you require additional information pertaining to the above, please contact me via (02) 6459 4107 or email kyra_o'sullivan@evt.com.

Yours sincerely,
