Dear Andrew,

RE: Canterbury Ice Rink – Grandstand Numbers

Address: 17A Phillips Avenue, Canterbury NSW 2193

I am writing to confirm the population numbers regarding the grandstand

In calculating the population for this building, the numbers have been based on the number of sanitary facilities throughout the building. However, this does not restrict how many people can use the grandstand. E.G both players/participants and spectators alike and utilise this space.

The maximum grandstand numbers are based on the number of accessible spaces.

I note that my report specified 60 due to the advice given at the time. This was more for the calculation of facilities, than seating in the grandstand. In summary, the total number of seats are available in the grandstand is based on number of wheelchair spaces that can be provided.

Should you have any further queries, please do not hesitate to contact the undersigned on 1300 692 378.

Yours sincerely,

Belinda Hyde
