Dear Sir/Madam

Re: IDAS-2024-10759 - Controlled Activity Approval Not Required
Dev Ref: DA24/15111
Description: Addition of a lift (elevator) to existing building (Perisher Centre)
Location: Lot 208/-/DP46288, 11 Burramys Road, Perisher Valley

The Department of Planning and Environment—Water has reviewed documents for the above development application and considers that, for the purposes of the Water Management Act 2000 (WM Act), a controlled activity approval is not required for the proposed works and no further assessment by this agency is necessary.

The development should be referred to Water NSW for determination if a work approval is required for any dewatering for the construction of the lift pit.

Controlled Activity Not Required

The proposed works are of insufficient size and scale and/or do not involve carrying out a work, removing or depositing material on waterfront land, or carrying out an activity which affects the quantity or flow of water in a water source.

If you have any questions regarding this correspondence, please use Water Assist to obtain further information or make an enquiry:
