We, Northrop Consulting Engineers, being professional engineers, certify that drawing S02.40-A Scoreboard Framing Details were based on an email from yourself 21/08/2024 providing location and size, and were prepared:

- Under the supervision of a professional structural engineer certified under NER; and
- In accordance with the relevant structural requirements of the Building Code of Australia (NCC 2019) and relevant referenced standards, including:
  - AS1170: Structural Design Actions
  - AS1170.0 (2002) Part 0: General principles
  - AS1170.1 (2002) Part 1: Permanent, imposed and other actions
  - AS1170.2 (2011) Part 2: Wind actions
  - AS1170.4 (2007) Part 4: Earthquake actions in Australia
  - AS4100 (1998) Steel structures

Northrop have reviewed relevant components of the existing structure for their suitability to support the proposed façade. We do not certify the existing structure in general or its compliance with current codes and/or structural standards.

This certificate excludes certification of the following:

- Temporary works
- Proprietary items and items procured under D+C contracts
- Ceiling framing
- Waterproofing
- Facades, glazing and glazed assemblies
- Compliance of existing structure to current codes
- Existing structure not interfacing with new works

Certification of the above items is to be sought from the relevant appropriately qualified parties responsible for the design as required.

This certificate shall not be construed as relieving any other party of their responsibility.

Yours faithfully,

A handwritten signature in blue ink, appearing to read "M Salter".
