

Notice of decision

Section 2.22 and clause 20 of Schedule 1 of the *Environmental Planning and Assessment Act 1979*

Application type	Development Application
Application number and project name	DA 24/16458 Remove existing and install new Operators Hut, top of the Quad Express Chairlift, Perisher Valley (Lot 177 DP 756697) in Perisher Range Alpine Resort within Kosciuszko National Park (KNP)
Applicant	Perisher Blue Pty Ltd
Consent Authority	Minister for Planning

Decision

The Team Leader – Assessments of the Alpine Resorts Team under delegation from the Minister for Planning has, under s.4.16 of the *Environmental Planning and Assessment Act 1979* (**the Act**) granted consent to the development application subject to the recommended conditions.

A copy of the development consent and conditions is available:

<https://www.planningportal.nsw.gov.au/development-assessment/state-significant-applications/projects/state-development-applications>

A copy of the Department of Planning and Environment's Assessment Report is available:

<https://www.planningportal.nsw.gov.au/development-assessment/state-significant-applications/projects/state-development-applications>

Date of decision

27 February 2025

Reasons for decision

The following matters were taken into consideration in making this decision:

- the relevant matters listed in section 4.55(1A) and 4.15 of the Act and the additional matters listed in the statutory context section of the Department's Assessment Report;
- the prescribed matters under the *Environmental Planning and Assessment Regulation 2021*;
- the objects of the Act;
- all information submitted with the development application and during the assessment and information considered in the Department's Assessment Report;
- the findings and recommendations in the Department's Assessment Report; and
- the views of the community about the project (see **Attachment 1**).

The findings and recommendations set out in the Department's Assessment Report were accepted and adopted as the reasons for making this decision.

The key reasons for granting consent to the development application are as follows:

- the project is permissible with development consent under the State Environmental Planning Policy (Precincts - Regional) 2021 and is consistent with NSW Government policies including the *South East and Tableland Regional Plan 2036* and draft *South East and Tableland Regional Plan 2041* which aim to increase visitation to the NSW ski resorts.
- the impacts on the community and the environment can be appropriately minimised, managed or offset to an acceptable level, in accordance with applicable NSW Government policies and standards. The consent authority has imposed conditions relating to construction standards, environmental considerations, vegetation management and post construction certification;
- no issues were raised by the community during exhibition of the proposal; and
- weighing all relevant considerations, the project is in the public interest.

- **Attachment 1 – Consideration of Community Views**

The Department's Community Participation Plan, April 2024, prepared in accordance with Schedule 1 of the Act, did not require the application to be exhibited as the works are not located within fifty (50) metres of a tourist accommodation building.

The Department placed the application on the NSW Planning Portal website for the information of any interested parties consistent with the intent of the CPP to make applications publicly available.

Comments were received from the National Parks and Wildlife Service pursuant to Section 4.27 of the Precincts - Regional SEPP.

The matters raised by the National Parks and Wildlife Service were considered and are addressed in detail in the Department's Assessment Report.

There were no community views that needed to be taken into consideration in making this decision. No issues were raised by the community and no public submissions were received during the assessment of the application.
