

NOTES:

1. As boundary information has been compiled from existing survey plans lodged with the Registrar of Titles and using aerial imagery to estimate the approximate location of the proposed boundaries, dimensions & areas of these boundaries are approximate only and may change upon completing the site survey as part of the subdivision process, thus effecting those dimensions and areas shown herein.
2. This plan is for the purpose of lodging an application for subdivision with council and shall not be used for any other purpose, nor reproduced or amended without the surveyors expressed permission in writing.
3. These notes form an integral part of this plan.
