OFFICIAL

Hi Jess,

Based on our assessment, it appears that the proposed Moree Battery Energy Storage System site will not impact any Airservices designed procedures at Moree aerodrome.

However, if amendments are made to the proposed development, or the aerodrome assesses it as penetrating their obstacle limitation surfaces (OLS), then an additional referral should be made to Airservices via: [Airport.Developments@AirservicesAustralia.com](mailto:Airport.Developments@AirservicesAustralia.com).

If you have any queries, please let me know.

Kind regards,
