

## **WASTE MANAGEMENT PLAN**

### **DEMOLITION AND CONSTRUCTION**

As a condition of consent, the applicable sections of this table must be completed and submitted to the Principal Certifying Authority.

Completing this table will assist you in identifying the type of waste that will be generated and in advising the Principal Certifying Authority how you intend to reuse, recycle or dispose of the waste.

The information provided on the form (and on your plans) will be assessed against the objectives of the DCP.

### **OUTLINE OF PROPOSAL**

## **DESIGN AND ONGOING MANAGEMENT**

SITE ADDRESS: 104 Homer Street, Earlwood, NSW 2206

TYPE OF WASTE TO BE GENERATED	EXPECTED VOLUME PER WEEK (LITRES OR M <sup>3</sup> )	PROPOSED ON-SITE STORAGE AND TREATMENT FACILITIES	DESTINATION
Please specify. For example glass, paper, food waste, offcuts, etc.		For example: waste storage and recycling area, on-site composting, compaction equipment	Recycling, disposal, specify contractor
Recyclables: 1.General paper and cardboard 2.Plastic bottles, aluminium & steel cans, and glass bottles and jars	60 litres / dwelling  30 litres / dwelling	One 240L recyclable bin (for plastic bottles, aluminium & steel cans, glass bottles & jars, general paper and cardboard) per dwelling	All recyclables to be collected by council's nominated contractors
Non-recyclables: 1.Foodscraps etc 2.Other plastics (eg wrapping) 3.Unrecyclable residential waste	50 litres / dwelling 40 litres / dwelling  50 litres / dwelling	One 240L garbage bin per dwelling	To council's nominated landfill site by council's nominated contractors

To ensure on-going management of waste on site (eg lease conditions, caretaker manager on-site):

1. The waste storage and recycling area will be suitably located at the rear of the site and bins clearly labelled.
2. A member of the household will be responsible for transferring materials to the area, and keeping the area clean and tidy.
3. A member of the household will be responsible for ensuring the bins are wheeled out weekly/fortnightly to be collected by council's nominated waste contractors.

## **GENERAL NOTES**

1. Note that the placement of Waste Containers is not permitted on footpaths, nature strips or roadways.
2. Containers are to be located so as not to disrupt site works, or have detrimental effect on sediment/erosion controls and tree protection areas
3. Containers are to be maintained in a satisfactory condition while present in the site.
4. Removal of containers is only to be carried out during permitted construction hours.
5. Containers and all waste are to be removed prior to final inspection and occupation.
6. A separate container is to be provided for the disposal of putrescible waste such as food scraps.
7. The provision of tip fee or recycling processor's receipts may be required by Council or the PCA upon completion of work.

All other requirements are as per Canterbury Bankstown City Council's DCP
