STORMWATER DESIGN CERTIFICATE

To: Principal Certifying Authority

Date of this Certificate: 05-05-2025

Project Description: PROPOSED Double Storey Dwelling.

Project Address: 311-313 Stacy Street Bankstown

To whom it may concern,

This is to certify the proposed storm-water drainage design and details at the above-mentioned property for the purpose of obtaining complying development or construction certificate. The design is shown on the attached storm-water drawings prepared by **PREMIUM DESIGN & ENGINEERING**.

The plans comply with the relevant Australian Standards "AS3500.3 2003 plumbing and drainage storm-water drainage code", council related regulations and BASIX certificate.

In case of any further inquiries you may need, please to contact us.
