PADSTOW NSW 2211

Construction of a Two Storey Dwelling.

INTRODUCTION

This Statement of Environmental Effects is submitted to Canterbury-Bankstown Council in accordance with the Environmental Planning and Assessment Act 1979, in support of a development application for the construction of a two storey dwelling containing four (4) bedrooms, upper leisure, guest, home theatre, family and dining rooms, along with an attached garage and outdoor alfresco dining area.

The subject site is rectangular in shape, with a primary frontage to Raine Road, and a total land area of 504.9m². The site currently contains a dwelling and ancillary structures to be demolished under separate application. Some minor trees proposed for removal, with street tree to be retained, and additional landscaping capable of being provided post-construction.

The site has a gentle fall across the site, with drainage to be directed to an appropriate system as per the Drainage Details.

The neighbourhood generally consists of a mix of residential dwellings of one and two storey construction as anticipated within an established residential area.

The proposed dwelling will contribute positively to the surrounding area and the streetscape of Raine Avenue.

ENVIRONMENTAL EFFECTS

The following sections address the matters for consideration as listed in Section 4.15 of the Environmental Planning & Assessment Act 1979. A comment is provided against each relevant matter.

This Statement of Environmental Effects addresses the following relevant Environmental Planning Instruments:

- Canterbury-Bankstown Local Environmental Plan 2023
- Canterbury-Bankstown Development Control Plan

4.15 EVALUATION

(1) Matters for Consideration – general:

(a)(i) Relevant environmental planning instruments

Applicable State Environmental Planning Policy's

<i>SEPP</i>	<i>Comment</i>	<i>Compliance</i>
State Environmental Planning Policy (Housing) 2021	Not applicable.	N/A
State Environmental Planning Policy (Sustainable Buildings) 2022	Please refer to accompanying BASIX Certificate.	Complies
State Environmental Planning Policy (Resilience and Hazards) 2021	<i>Chapter 4</i> No known previous land uses have occurred on the site that would render the allotment susceptible to contamination. Site and surrounding sites have been used for residential purposes for a number of years (Nearmap Search of site shows dwelling house being used from 2009).	Complies

Canterbury-Bankstown Local Environmental Plan 2023

The LEP is divided into several Parts and the relevant provisions that apply to the subject development are listed, together with a comment with respect to compliance.

The subject site is zoned R2 Low Density Residential pursuant to Clause 2.1 Canterbury-Bankstown Local Environmental Plan 2023.

The proposed development is defined in the plan as a '*dwelling house*', being '*a building containing only one dwelling*'.

The identified zone permits the construction of a '*dwelling house*' subject to development consent from Council.

Clause 2.3 Zone objectives and land use table

The objectives of the R2 Zone are:

- *To provide for the housing needs of the community within a low density residential environment.*
- *To enable other land uses that provide facilities or services to meet the day to day needs of residents.*
- *To allow for certain non-residential development that is compatible with residential uses and does not adversely affect the living environment or amenity of the area.*
- *To allow for the development of low density housing that has regard to local amenity.*
- *To require landscape as a key characteristic in the low density residential environment.*

The proposed development is for a low-density residential dwelling being compatible with the existing and future character of the locality. The dwelling is designed to provide a high level of amenity for adjoining residents whilst considering the natural restraints of the site.

The proposed dwellings are considered to meet the objectives of the R2 Zone.

Clause 4.3 Height of Buildings

<i>Requirement</i>	<i>Provision</i>	<i>Compliance</i>
Building height – 9m Wall height – 7m	8.311m <7m	Yes Yes

Clause 4.4 Floor Space Ratio

<i>Requirement</i>	<i>Provision</i>	<i>Compliance</i>
0.5:1	0.4545:1	Yes

Clause 4.6 Exceptions to development standards

The development does not contravene any development standards with in the LEP.

Clause 5.10 Heritage Conservation

Upon reference to Schedule 5 in relation to local, State or Regional items of heritage significance including conservation areas, it was revealed that the subject property was not identified as having heritage significance.

Clause 5.21 Flood planning

The subject site has not been identified as being within a flood planning area as per the 10.7 Certificate.

Clause 6.1 Acid Sulfate Soils

The subject property is not identified as being affected by Acid Sulphate Soils.

* * *

Conclusion with respect to LEP requirements

The proposal is considered to generally satisfy the relevant objectives and development standards relating to dwelling houses as contained within CBLEP 2023.

(a)(ii) Relevant draft environmental planning instruments

There are no draft EPIs that affect the subject site.

(a)(iii) Relevant development control plans

Canterbury-Bankstown Development Control Plan 2023

Chapter 3 – General Requirements

3.2 – Parking

Dwelling houses are required to provide 2 spaces per dwelling. The garage will provide space for two parking spaces on the site.

Chapter 4 - Heritage

8.4.3 – Heritage Conservation Areas

Subject site is not within any heritage conservation area, is not identified as a heritage item and is not within the vicinity of any heritage items.

Chapter 5 – Residential Accommodation

5.1 Former Bankstown LGA

Section 2 – Dwelling Houses

<i>Requirement</i>	<i>Provision</i>	<i>Compliance</i>
<u>Storey Limit</u> Max. 2 Storeys Fill not to exceed 600mm unless contained within perimeter of dwelling of dwelling to a max. 1m above NGL.	Two storey dwelling proposed. 200mm fill proposed to be retained along boundary.	Yes Yes
<u>Setback restrictions</u> Dwellings prohibited within 9m of an existing animal boarding facility.	N/A	N/A
<u>Street Setbacks</u> Primary frontage Ground – 5.5m First – 6.5m Secondary frontages Building wall – 3.0m Garages – 5.5m	6.5m 6.5m N/A	Yes Yes N/A
<u>Setbacks to side boundary</u> Wall height <7m – 0.9m Wall height >7m – 1.5m Basement levels must not project beyond the ground floor walls.	932mm proposed. N/A – wall heights <7m N/A	Yes N/A N/A
<u>Private Open Space</u> Min. 80m ² behind building line. Min. dimension 5m	>80m ² provided behind the building line, to the rear of the dwelling. Min. 5m dimension provided.	Yes Yes
<u>Access to sunlight</u> Greater than 3hrs solar access to living area of subject residence and neighbours 8am to 3pm / Mid-winter solstice.	North to front corner, with reasonable levels of solar access to POS and living areas given orientation. Home theatre provided with some north facing orientation to ensure suitable solar access to living room.	Yes

Greater than 3hrs solar access to 50% of POS on subject site and neighbouring allotments 9am to 5pm / Equinox	3hrs available to 50% of POS areas of proposed and adjoining dwellings throughout the day. North to front corner orientation does result in some shadow over adjoining property, suitable setbacks and design ensures shadows do not result in decreased amenity.	Yes
Overshadowing of existing solar panels should be avoided.	Proposed dwelling not anticipated to overshadow any existing solar panels.	Yes
<u>Visual Privacy</u> Windows looking directly into living rooms or POS areas of neighbouring properties should be: - Offset or, - provided with a 1.5m high sill or, - provided with screening	Windows are suitably setback, offset and orientated to ensure privacy is retained. Windows are appropriately setback and offset from living and POS areas and privacy will be a concern to both the subject and adjoining residents. Upper floor leisure room window provided with raised sill height and suitably offset from POS areas to ensure privacy is maintained.	Yes
Upper floor side/rear balconies permitted where not accessed from living areas, <1.5m wide and provided with screening.	Balcony access off leisure room and provided to front.	Yes
Roof top balconies are not permitted.	N/A – No roof top balcony proposed as part of this development.	N/A
<u>Building Design</u> Max. roof pitch – 35°	22.5 degree roof pitch proposed.	Yes
Attic spaces to contain maximum of 2 rooms and a bathroom.	N/A	N/A
Dormers to be <2m wide, below ridge line and not dominate the roof plane.	N/A	N/A
Development in foreshore areas must use non-reflective materials that are compatible with the natural characteristics of the	N/A	N/A

area.		
<u>Building Design (Car Parking)</u> Car parking to be located behind the building line.	Parking setback 1.07m behind the building line.	Yes
At least 1 covered parking space.	2 spaces in double garage provided.	Yes
Setback 6.0m from primary or secondary street frontages if providing only one space.	9.01m setback.	Yes
Garages to be integrated and does not dominate the façade.	Garage integrated within dwelling and appropriate articulation of front façade ensures garage is not a dominant feature.	Yes
Triple garages only permitted on two storey dwellings where it is architecturally integrated with the upper storey.	N/A – double garage proposed	N/A
<u>Landscaping</u> Retain and protect significant trees where possible.	Some minor trees to be removed, no significant tree removal.	Yes
Min. 45% landscaped area between dwelling and street frontage.	>45% provided.	Yes
At least 1 x 75L tree in front setback	Provided per landscape plan.	Yes
In foreshore protection areas, native trees with a mature height of 12m to be planted adjacent to water bodies.	N/A	N/A

Section 9 – Livable Housing

Suitable provisions to comply with the Livable Housing requirements for new dwellings under Canterbury-Bankstown DCP provided. Suitable path from garage to dwelling provided for easy access, 820mm door openings and appropriate circulation and hallway widths provided. Bathrooms at ground level, shower area capable of being provided with removable screen and made hobless. Reinforced walls capable of being provided, and suitable design of stairway.

* * *

Conclusion with respect to DCP requirements

The proposal is considered to reasonably satisfy the objectives of the relevant design provisions relating to dwellings as contained within the Canterbury-Bankstown Development Control Plan 2023.

(b) Likely impacts of the development, including environmental impacts on both the natural and built environment of the locality.

The following matters are considered relevant when considering onsite impacts.

Siting and Design

The proposed two storey dwelling will be compatible in terms of height, bulk and scale with surrounding developments within the area.

The siting of the dwelling provides generous boundary setbacks, contributing to spatial separation and openness between the dwellings. The articulated design of the dwelling will limit the impact on the adjacent properties in terms of bulk, privacy and overshadowing and will not dominate any perceived views enjoyed by others.

The front façade is appropriately articulated and contains a variety of roof forms and elements and a central entry feature. In this way, the proposal provides a clear definition of the entry and provides varied shadow lines due to the different construction elements and finishes.

Sedimentation Control

Due to the topography of the site, excavation will be required for the construction of a level building platform, as shown on the development plans. All disturbed areas will be provided with sedimentation controls in the form of geofabric fencing and/or stacked hay bales. Soil erosion control measures can easily be provided in accordance with Council's policy with compliance required as a condition of consent.

Waste Minimisation

All waste will be deposited within the waste receptacle in accordance with the waste management plan attached to this application.

Noise and Vibration

All work will be undertaken during hours specified within the development consent. No vibration damage is envisaged occur during construction.

(c) The suitability of the site for the development

The subject site is within an existing area designed for medium density housing. The site is within reasonable driving distance to local commercial, retail and transport facilities. The existing road network provides easy access to all locations.

The two storey dwelling can be constructed with all services necessary and has been designed to suit site constraints and the character of the surrounding residential setting.

The development is permissible with development consent under the provisions Canterbury-Bankstown LEP 2023, and generally satisfies the objectives of the relevant development control plans as discussed above.

(d) Any submissions made in accordance with this Act or the regulations

Council will consider any submissions received during the relevant notification period for this development application.

(e) Public interest

As this proposal can reasonably satisfy the objectives of all relevant planning instruments and development control plans, approval of the subject development is considered to be in the public interest.

CONCLUSION

The residential use of the site is permissible with development consent under the provisions of Canterbury-Bankstown Local Environmental Plan 2023 and can satisfy the objectives of the relevant development control plan.

It is considered that the construction of a new two storey dwelling will complement and blend with the existing residential character of Padstow. The proposal is not expected to have an adverse impact on the surrounding natural or built environment.
