

Overall dimensions LxWxH: 13780x4022x8718mm;  
Total weight without refrigerant, water and ethylen glycol: 25000kg;  
Mass of refrigerant: 500kg;  
Mass of water: 9000kg;  
Mass of ethylen glycol: 90kg;  
Power supply: 400V - 3Ph/N/PE - 50Hz  
Maximum electrical power consumption: 310 kW  
Design and intellectual property by KTI-Plersch Kältetechnik GmbH, Germany, 2024.

**Preliminary, 26.09.2025**

**Changed power supply measurements.  
Concrete slab width 4650mm, for new type of walkway,  
not included here, follows next.**
