Assessment of the Merits of the Planning Agreement

How the Planning Agreement Promotes the Objects of the Act and the public interest

The draft Planning Agreement promotes the following objectives of the Act:

- to promote the orderly and economic use and development of land; and
- to promote good design and amenity of the built environment.

The draft Planning Agreement promotes the public interest as it will result in the improvement of the public domain within the Parramatta CBD.

The Planning Purposes served by the Planning Agreement

In accordance with section 7.4(2) of the Act, the Planning Agreement will require contributions to be used towards the provision of community infrastructure within the Parramatta CBD.

How the Planning Agreement promotes the objectives of the *Local Government Act 1993* and the elements of the Council's Charter

The Planning Agreement is consistent with the following purposes of the *Local Government Act 1993*:

- to give councils the ability to provide goods, services and facilities, and to carry out activities, appropriate to the current and future needs of local communities and the wider public; and
- to give councils a role in the management, improvement and development of the resources of their areas.

By enabling Council to provide public amenities and improve public domain areas, the Planning Agreement is consistent with the following guiding principles for councils, set out in section 8A of the *Local Government Act 1993* (replacing the Council's Charter):

- Councils should provide strong and effective representation, leadership, planning and decision-making.
- Councils should carry out functions in a way that provides the best possible value for residents and ratepayers.
- Councils should plan strategically, using the integrated planning and reporting framework, for the provision of effective and efficient services and regulation to meet the diverse needs of the local community.
- Councils should manage lands and other assets so that current and future local community needs can be met in an affordable way.
- Councils should consider the long term and cumulative effects of actions on future generations.
- Councils should consider the principles of ecologically sustainable development.
- Councils should actively engage with their local communities, through the use of the integrated planning and reporting framework and other measures.

Whether the Planning Agreement Conforms with Council's Capital Works Program

The Planning Agreement will be providing a monetary contribution to assist with community infrastructure. The monetary contribution will be spent on works to be carried out by Council on Council land. In this respect, the terms of the Planning Agreement conform to that intent.

Whether the Planning Agreement specifies that certain requirements must be complied with before a construction certificate, occupation certificate or subdivision certificate is issued

The Planning Agreement requires the following to be satisfied prior to the issue of a construction certificate: 75% payment of the monetary contribution or provision of a bank guarantee in lieu of that payment.

The Planning Agreement requires the whole of the monetary contribution to have been paid prior to the issue of an occupation certificate.
