Summary of Objectives, Nature and Effect of the Draft Planning Agreement

Objectives, Nature and Effect of Draft Planning Agreement

The Draft Planning Agreement requires the Developer to provide the Development Contributions to the Council in connection with carrying out of the Development.

The object of the Draft Planning Agreement is to facilitate the carrying out of works by the Developer to ensure the delivery of necessary road network upgrades.

Assessment of the Merits of the Draft Planning Agreement

How the Draft Planning Agreement Promotes the Public Interest

Existing development in Woolgoolga North West and Woolgoolga West release areas has created demand for new and upgraded local infrastructure, including roads and future development will further increase the demand.

The Woolgoolga North West and Woolgoolga West Development Contributions Plan 2023 recognises that the share demand for the upgrades should be apportioned to ensure that developers are not unduly burdened by paying for infrastructure for which they have not created a demand.

The delivery of the road upgrades under the Draft Planning Agreement will facilitate the delivery of important road upgrades required to service the land covered by the Woolgoolga North West and Woolgoolga West Development Contributions Plan 2023 in a more timely and efficient fashion than if Council was required to deliver the works itself via the Woolgoolga North West and Woolgoolga West Development Contributions Plan 2023.

Whether the Draft Planning Agreement Conforms with the Authority's Capital Works Program

The Draft Planning Agreement is not inconsistent with the Council's Capital Works Program.
