- 27.3 The Developer must use all reasonable endeavours to obtain such registration as soon as practicable and promptly after registration, deliver to the Council a title search for each part of the Developer Land confirming registration of this Deed.
- 27.4 For the avoidance of doubt, the Developer warrants that following execution of this Deed it will not take any action to grant an interest in the Developer Land to another person so as to prevent registration of this Deed on the Developer Land, as required by this Deed
- 27.5 The Parties are to do such things as are reasonably necessary to remove any notation in relation to this Deed from the title of the Developer Land once the Developer has completed its obligations under this Deed (and the Developer is not otherwise in default of this Deed) or the Deed is terminated or otherwise comes to an end for any other reason
- 27 6 Nothing in this clause 27 requires the Council to release this Deed from the title to
- 27 6 1 any land required to be transferred to the Council under this Deed prior to the transfer of the land to Council in accordance with this Deed,
- 27 6 2 any other land required to be made publicly accessible under this Deed prior to the registration of an easement on the title to that land in accordance with this Deed
- 27 7 The parties agree that the lodgment for registration of this Deed in accordance with this clause 27 is a restriction of the issue of a Construction Certificate with respect to the Development

28 Security for performance of obligations

- 28.1 The Developer must provide Security to the Council:
- 28 1 1 in the amount of \$250,000.00 in relation to the performance of its obligations under this Deed, but subject to clause 28 10, and
- 28 1 2 the following Security arrangements for the Foreshore Works
- (a) progressive Bank Guarantees up to a maximum of 110% of the undelivered Contribution Value of the Foreshore Works be provided by the Developer to Council no later than the issue of each Occupation Certificate for the Development, such that the aggregate of the progressive amount of the Bank Guarantee would reflect the proportion of the GFA which will have been released upon the issue of the relevant Occupation Certificate
 - (b) For example
 - (A) if an application for an Occupation Certificate of 20% of the total GFA is made for the Development and no Foreshore Works have been delivered at that time, then a Bank Guarantee is to be provided by the Developer to Council for 110% of 20% of the Contribution Value of the Foreshore Works; and
 - (B) if subsequent to that an application for an Occupation Certificate is made for a further 50% of the total GFA and some of the Foreshore Works have been delivered at that stage, then a further Bank Guarantee should be provided for 110% of 70% of the Certified Cost to Complete the incomplete Foreshore Works, less the amount of any Bank Guarantees already provided in respect of the Foreshore Works and still held by Council
 - (c) In calculating any Bank Guarantee to be provided under clause 28 1.2(a) regard shall be had to any Bank Guarantee held by Council under clause 28 1.3, acknowledging that, if the Developer has provided Security under clause 28 1 3

entirely by way of Bank Guarantee, then no additional Bank Guarantees are required to be provided under clause 28 1 2(a)

28 1 3 In addition to the progressive Bank Guarantees provided under clause 28 1 2(a), Security by way of an insurance bond or Bank Guarantee must be provided by the Developer to Council which covers the remaining balance of

- (a) until any Foreshore Works have been undertaken, the Contribution Value of the Foreshore Works, and
- (b) after the Developer has delivered any of the Foreshore Works, the Certified Cost to Complete the Foreshore Works at any point in time (but such Certified Cost to Complete may not be updated more regularly than each three month period),

with the intention that Council at all times holds 110% security for the incomplete Foreshore Works

28 1 4 The amount of the Security to be provided under clauses 28 1 2(a) and 28 1 3 is to be recalculated not more regularly than every three months and, where applicable, supported by a certificate setting out the Certified Cost to Complete the Foreshore Works provided by the Developer and, in the event there is a shortfall or excess amount of Security, then the parties agree to return, supplement or substitute Security to ensure the requirements of clauses 28 1 2(a) and 28 1 3 are complied with

28 2 The Developer must provide the Security under clause 28 1 1 and clause 28 1 3 to the Council prior to the issue of the first Construction Certificate in respect of the Development

28 3 The Council, in its absolute discretion and despite clause 15 may refuse to allow the Developer to enter, occupy or use any land owned or controlled by the Council or refuse to provide the Developer with any plant, equipment, facilities or assistance relating to the carrying out the Development if the Developer has not provided the Security to the Council in accordance with this Deed

28 4 The Council may call-up and apply the Security in accordance with this clause 28 to remedy any breach of this Deed notwithstanding any other remedy it may have under this Deed, under any Act or otherwise at law or in equity

28 5 The Council must release and return the Security or any unused part of it to the Developer within ten (10) business days of a request by the Developer being made for the release and return of that Security, unless

28 5 1 Council has made or intends to make a demand against any Security provided by the Developer,

28 5 2 the Development Contributions on account of which that Security was provided have not been made, or

28 5 3 the Developer is in unremedied breach of this document at the relevant time

28 6 The Developer may at any time provide the Council with a replacement Security, provided that the amount of that replacement is not less than that which is required to be provided under this Deed

28 7 On receipt of a replacement Security, the Council must release and return the Security that has been replaced to the Developer

28 8 If the Council calls-up the Security or any portion of it, it may, by written notice to the Developer, require the Developer to provide a further or replacement Security to ensure that the amount of Security held by the Council equals the amount it is entitled to hold under this Deed

28 9 The Developer must ensure that, on an annual basis from the date of operation of this Deed, the Security provided to the Council is at all times maintained to the full current indexed value (as indexed in accordance with clause 6 3)

28 10 The following provisions of this clause 28 10 allow the Developer, subject to clause 28 10 9, to

provide additional Security to enable the issue of an Occupation Certificate for GFA in the Development, notwithstanding that a Hold Point Development Contribution is not delivered by the time required under this Deed

28 10 1 If the Developer has not provided any Hold Point Development Contribution by the time required under either clause 6 4 1 or **Schedule 3** (disregarding the operation of this clause 28 10), and as a consequence an Occupation Certificate which might otherwise be issued cannot be issued, then the Developer may, subject to clause 28 10 9, elect to provide to the Council Security equal to 110% of the Certified Cost to Complete the incomplete Works

28 10 2 If the Developer provides to the Council Security in accordance with clause 28 10 1, then any Occupation Certificate which would otherwise be required by this Deed to not be issued, including under clause 12 5 is not required to be withheld and may be issued

28 10 3 The Council

- (a) agrees to provide such confirmations within 5 Business Days to any private certifier appointed to the Development as may reasonably be requested by the Developer to establish what Security has been provided to the Council under clause 28 10 1, and
- (b) authorises any such private certifier to rely on such confirmations without further enquiry

28 10 4 The Developer may, at its election, but not less than 3 months after providing Security under clause 28 10 1 or after last substituting that Security under this clause 28 10 4, provide to Council an updated Certified Cost to Complete the incomplete Works, and Council and the Developer agree to substitute any Security held by Council for such incomplete Works with new Security equal to 110% of the Certified Cost to Complete the incomplete Works, in accordance with the substitution arrangements in clause 28

28 10 5 Upon completion of such incomplete Works the Council must release and return the Security or any unused part of it to the Developer within ten (10) business days of a request by the Developer being made for the release and return of that Security

28 10 6 Security provided under this clause 28 10 may be accessed by the Council in accordance with the provisions of this clause 28

28 10 7 This clause 28 10 does not apply to any Security relating to the Foreshore Works, which is covered by the arrangements in clause 28 1 2

28 10 8 Clause 28 10 does not operate to permit the Developer to provide any Works Contribution by a date after the earlier of the Sunset Date and any New Completion Date for a Works Contribution nominated in respect of any Works Contribution Without limiting the previous sentence, if the Developer has not provided in full any Development Contribution by the earlier of the Sunset Date and any New Completion Date for a Works Contribution nominated in respect of any Works Contribution, then

- (a) the Developer is in breach of this Deed,
- (b) the Developer must immediately take all steps to deliver any such Development Contribution in full,
- (c) Council may call-up and apply the Security in accordance with this clause 28 4 to ensure the delivery in full of any Development Contribution not delivered by the Sunset Date, and
- (d) no Occupation Certificate may be issued after the earlier of the Sunset Date and any New Completion Date for a Works Contribution nominated in respect of any

Works Contribution and must be withheld until the Developer has provided in full all Development Contributions.

28.10.9 Notwithstanding anything else in this clause 28.10, the provision of Security to allow an Occupation Certificate to be issued notwithstanding that a Works Contribution has not been delivered by the date required under this Deed is limited and Council has the right to impose a new date for completion of the Works Contribution (the "**New Completion Date for a Works Contribution**") not then completed. To give effect to this principle the parties agree that

- (a) if the Developer makes an election under clause 28.10.1, then Council may nominate a New Completion Date for a Works Contribution in respect of the Works Contribution not delivered and the subject of the Developer's election under clause 28.10.1, such nominated New Completion Date for a Works Contribution to be a date which Council determines in its absolute discretion, and
- (b) if the relevant Works Contribution has not been delivered by the New Completion Date for a Works Contribution, then Council may, at its absolute discretion, either
 - (A) at the request of the Developer, and in Council's absolute discretion, nominate a further New Completion Date for a Works Contribution for that Works Contribution, or
 - (B) refuse to nominate a further New Completion Date for a Works Contribution for that Works Contribution, in which case clause 28.10.8 shall apply with respect of the relevant Works Contribution by reference to the last New Completion Date for a Works Contribution nominated by Council.

29 Breach of obligations

29.1 If the Council reasonably considers that the Developer is in breach of any obligation under this Deed, it may give a written notice to the Developer

29.1.1 specifying the nature and extent of the breach,

29.1.2 requiring the Developer to

- (a) rectify the breach if it reasonably considers it is capable of rectification, or
- (b) pay compensation to the reasonable satisfaction of the Council in lieu of rectifying the breach if it reasonably considers the breach is not capable of rectification.

29.1.3 specifying the period within which the breach is to be rectified or compensation paid, being a period that is reasonable in the circumstances

29.2 If the Developer fails to comply with a notice given under clause 29.1, the Council may (in addition to any rights it has at Law) call up the Security provided by the Developer under this Deed and apply it to remedy the Developer's breach, and step-in and remedy the breach and may enter, occupy and use any land owned or controlled by the Developer and any Equipment on such land for that purpose

- 29 3 Any costs incurred by the Council in remedying a breach in accordance with clause 29 2 may be recovered by the Council by either or a combination of the following means
- 29 3 1 by calling up and applying the Security provided by the Developer under this Deed, or
- 29 3 2 as a debt due in a court of competent jurisdiction
- 29 4 For the purpose of clause 29 3, the Council's costs of remedying a breach the subject of a notice given under clause 29 1 include, but are not limited to
- 29 4 1 the costs of the Council's servants, agents and contractors reasonably incurred for that purpose,
- 29 4 2 all fees and charges necessarily or reasonably incurred by the Council in remedying the breach, and
- 29 4 3 all legal costs and expenses reasonably incurred by the Council, by reason of the breach
- 29 5 Nothing in this clause 29 prevents the Council from exercising any rights it may have at law or in equity in relation to a breach of this Deed by the Developer, including but not limited to seeking relief in an appropriate court

30 Trustee Limitation of Liability

- 30 1 This clause applies to each Party that enters into this Deed only in its capacity as trustee (**Trustee**) of a trust (**Trust**) and in no other capacity
- 30 2 Subject to clause 30 4, a liability arising under or in connection with this Deed is limited to and can be enforced against the Trustee only to the extent to which it can be satisfied out of property of the Trust out of which the Trustee is actually indemnified for the liability. This limitation of the Trustee's liability applies despite any other provision of this Deed and extends to all liabilities and obligations of the Trustee in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to this Deed
- 30 3 Subject to clause 30 4, the parties other than the Trustee may not sue the Trustee in any capacity other than as trustee of Trust, including seeking the appointment of a receiver (except in relation to property of Trust), a liquidator, an administrator or any similar person to the Trustee or prove in any liquidation, administration or arrangement of or affecting the Trustee (except in relation to property of Trust)
- 30 4 The provisions of this clause shall not apply to any obligation or liability of the Trustee to the extent that it is not satisfied because under the trust deed establishing the Trust or by operation of law there is a reduction in the extent of the Trustee's indemnification out of the assets of Trust, as a result of the Trustee's fraud, negligence or breach of trust

31 Assignment and transfer

- 31 1 Unless the matters specified in clause 31 2 are satisfied, and whilst the obligations in this Deed have not been completed, the Developer is not to do any of the following
- 31 1 1 to Assign the Developer Land to any person, or
- 31 1 2 Assign to any person the Developer rights or obligations under this Deed
- 31 2 The matters required to be satisfied for the purposes of clause 31 1 are as follows
- 31 2 1 this Deed has been registered on the title of the Developer Land in accordance with Clause 27,
- 31 2 2 the Developer has, at no cost to Council, first procured the execution by the person to whom the Developer rights or obligations under this Deed are to be Assigned, of an agreement in favour of the Council Assigning those rights or obligations to the person on terms satisfactory to Council acting reasonably and the provision of all Security to Council by that assignee that the Developer is required to provide under this Deed (and any

additional securities if required by Council acting reasonably) at the same time as, or prior to, entering into that Deed,

31 2 3 Council, by notice in writing to the Developer, which will not be unreasonably withheld, has stated that evidence satisfactory to Council has been produced to show that the assignee or novatee, is reasonably capable of performing its obligations under this Deed,

31 2 4 the Developer is not in breach of this Deed, and

31 2 5 Council otherwise consents to the Assignment in writing which will not be unreasonably withheld

31 2 6 Council is under no obligation to consider granting its consent to any request made by the Developer under this clause if, at the time the request is made, the Developer is in breach of this Deed

32 Notices

32 1 Any notice, consent, information, application or request that must or may be given or made to a Party under this Deed is only given or made if it is in writing and sent in one of the following ways

32 1 1 delivered or posted to that Party at its address set out in the Contacts Sheet

32 1 2 emailed to that Party at its email address set out in the Contacts Sheet

32 2 If a Party gives the other Party 3 Business Days' notice of a change of its address or email address, any notice, consent, information, application or request is only given or made by that other Party if it is delivered, posted or emailed to the latest address or email address

32 3 Any notice, consent, information, application or request is to be treated as given or made if it is,

32 3 1 delivered, when it is left at the relevant address

32 3 2 sent by post, 2 Business Days after it is posted

32 3 3 sent via email (unless the sender receives notification to the effect that the email has failed to send), at the time it was sent

32 4 If any notice, consent, information, application or request is delivered, or an error free transmission report in relation to it is received, on a day that is not a Business Day, or if on a Business Day, after 5pm on that day in the place of the Party to whom it is sent, it is to be treated as having been given or made at the beginning of the next Business Day

33 Costs

The Developer agrees to pay or reimburse the reasonable legal costs and disbursements of Council

33 1 1 for the negotiation, preparation and execution of this Deed, and

33 1 2 arising from the ongoing administration and enforcement of this Deed including in relation to

(a) the registration or removal of this Deed on the title to the Developer Land, and

(b) any breach or default by the Developer of its obligations under this Deed,

within ten (10) business days of receipt of a tax invoice from Council

34 Entire Agreement

34 1 This Deed contains everything to which the Parties have agreed in relation to the matters it deals with

- 34 2 No Party can rely on an earlier document, or anything said or done by another Party, or by a director, officer, agent or employee of that Party, before this Deed was executed, except as permitted by law

35 Further Acts

36 1 2 any benefit in favour of 2 or more persons is for the benefit of them jointly and each of them individually

37 No fetter

37 1 Consent authority

The parties acknowledge that Council is a consent authority with statutory rights and obligations pursuant to the terms of the Planning Legislation

37 2 Deed does not fetter discretion

This Deed is not intended to operate to fetter, in any unlawful manner

37 2 1 the power of Council to make any Law, or

37 2 2 the exercise by Council of any statutory power or discretion,

(Discretion)

37 3 Severance of provisions

37 3 1 No provision of this Deed is intended to, or does, constitute any unlawful fetter on any Discretion. If, contrary to the operation of this clause, any provision of this Deed is held by a court of competent jurisdiction to constitute an unlawful fetter on any Discretion, the parties agree

(a) they will take all practical steps, including the execution of any further documents, to ensure the objective of this clause 37 is substantially satisfied, and

(b) in the event that paragraph 37 3 1(a) cannot be achieved without giving rise to an unlawful fetter on a Discretion, the relevant provision is to be severed and the remainder of this Deed has full force and effect, and

(b) to endeavour to satisfy the common objectives of the parties on relation to the provision of this Deed which is held to be an unlawful fetter to the extent that it is possible having regard to the relevant court judgment

37 3 2 Where the Law permits Council to contract out of a provision of that Law or gives Council power to exercise a Discretion, then if Council has in this Deed contracted out of a provision or exercised a Discretion under this Deed, then to the extent of this Deed is not to be taken to be inconsistent with the Law

37 4 No Obligations

Nothing in this Deed will be deemed to impose any obligation on Council to exercise any of its

38 Representations and warranties

- 38 1 Each Party represents and warrants to each other Party that they have power to enter into this Deed and comply with their obligations under this Deed and that entry into this Deed will not result in the breach of any law
- 38 2 Notwithstanding anything in this Deed, Council makes no representation or warranty whatsoever that the Council Land is free from Contamination

39 Severability

- 39 1 If a clause or part of a clause of this Deed can be read in a way that makes it illegal, unenforceable or invalid, but can also be read in a way that makes it legal, enforceable and valid, it must be read in the latter way
- 39 2 If any clause or part of a clause is illegal, unenforceable or invalid, that clause or part is to be treated as removed from this Deed, but the rest of this Deed is not affected

40 Waiver

- 40 1 The fact that a Party fails to do, or delays in doing, something the Party is entitled to do under this Deed, does not amount to a waiver of any obligation of, or breach of obligation by, another Party
- 40 2 A waiver by a Party is only effective if it is in writing. A written waiver by a Party is only effective in relation to the particular obligation or breach in respect of which it is given
- 40 3 It is not to be taken as an implied waiver of any other obligation or breach or as an implied waiver of that obligation or breach in relation to any other occasion

- 45 2 Subject to clause 45 3, if GST is payable on a Taxable Supply made under, by reference to or in connection with this Deed, the Party providing the Consideration for that Taxable Supply must also pay the GST Amount as additional Consideration
- 45 3 Clause 45 2 does not apply to the extent that the Consideration for the Taxable Supply is expressly stated in this Deed to be GST inclusive Unless otherwise expressly stated, prices or other sums payable or Consideration to be provided under or in accordance with this Deed are exclusive of GST

Cooks River Foreshore Plan

The Cooks River foreshore is a 20m wide landscaped corridor approximately 1km in length. The foreshore will provide public waterfront access via pedestrian walkways and a separated two-way cyclepath. There will be areas of ecological restoration and salt marsh planting with boardwalks and lookouts.

The Cooks River Foreshore will be an exciting new waterfront destination for the surrounding community, visitors and workers within the adjacent development. Accessible to the public, the foreshore will connect with the existing Cahill Park to the north and the new Pemulwuy Park to the south. There will also be safeguarding for future pedestrian and cycle connections to the south over the existing SWSOOS, which will provide a regional link to the south, connecting with a future Muddy Creek crossing and existing pathways to Kyeemagh and Sans Souci.

The proposed foreshore aims to achieve the following outcomes:

- Maximise public and visual access
- Provide a dedicated two-way cyclepath, and safeguard for a future cycle link to the south over the SWSOOS (by others)
- Provide a diverse and natural pedestrian waterfront experience through promenades, walkways and boardwalks
- Provide ecological restoration and habitat creation with mangroves and salt marsh planting

- Preserve corridor views to the adjacent Pemulwuy Park, and open views to the Cooks River
- Maximise public safety with pedestrian lighting and visual surveillance from the adjacent development

Cooks River Foreshore

Before construction, refer to the construction plan.

The Cooks River Foreshore will be designed with three key typologies that respond to the surrounding context and adjacent future development - an Urban Edge, Natural Edge and Marshland Edge.

An urban edge is proposed adjacent to the Fig Tree Plaza, including a shaded pedestrian promenade and terraced waterfront that allows access to the water's edge

A natural edge is proposed adjacent to the Block 3 development, including a walkway and cycleway behind a rock seawall

The southern end of the foreshore includes a marshland edge that includes an ecological tidal zone with mangroves and saltmarsh that provides habitat for birds and marine life, while a meandering boardwalk allows pedestrians to experience the marshland environment

The design of the Cooks River Foreshore will:

- Provide bed and bank stability and reduce bank and channel erosion
- Protect water quality by trapping sediment, nutrients and other contaminants
- Provide a diversity of habitats for terrestrial, riparian and aquatic plants (flora) and animals (fauna)
- Provide connectivity between wildlife habitats
- Convey flood flows and controlling the direction of flood flows
- Act as an interface and/or buffer between developments and waterways

Schedule 7 – Terms of Easement in Gross

1 Terms of easement for public access variable width (MM)

1.1 Definitions

These meanings, in any form, apply unless the contrary intention appears

Authorised User means every person authorised by the Grantee for the purposes of an easement, positive covenant and restriction on use created by this instrument and includes members of the public as determined by the authority benefitted from time to time. Subject to the terms of an easement, positive covenant and restriction on use, an Authorised User includes, without limitation, the tenants, employees, agents, contractors and licensees of the Grantee

Development has the same meaning as defined in the VPA

Easement Commencement Date means the later of

- (a) the date on which the Grantor completes the VPA Works, and
- (b) the date on which access to the Easement Site by the Grantee is safe,

but in any event not later than the earlier of the Sunset Date and the final Occupation Certificate for the Development, or such later date as agreed by the Developer and Council in writing

Easement Site means in relation to an easement in this instrument

- (a) the site of an easement on the Plan, and
- (b) all items within the site of the easement identified on the Plan which are the subject of the easement,

as varied under clause 1.4

Final Easement Site means the area identified on a plan of survey prepared by the Grantor identifying the location of the final as constructed pedestrian / cycle pathway and any additional areas intended for access by the public under this instrument which form part of the VPA Works

Grantee means (as applicable)

- (a) the owner of an estate in fee simple or mortgagee in possession of a Lot Benefited, and
- (b) the community association under the Community Land Development Act 1989 (NSW) in respect of a Lot Benefited, and
- (c) an authority benefitted

Grantor means the registered proprietor of the Lot Burdened

Lot Benefited means a lot benefitted by an easement, positive covenant or restriction on use in this instrument

Lot Burdened means a lot burdened by an easement, positive covenant or restriction in this instrument

Plan means the plan of subdivision to which this instrument relates

Sunset Date has the same meaning as defined in the VPA

VPA means the Planning Agreement dated [] 2024 between Cook Cove Nominees No 1 Pty Limited, Cook Cove Nominees No 2 Pty Limited and Bayside Council

VPA Works means the Foreshore Works as defined in the VPA

Works means the works related to the proper construction, demolition, installation, cleaning, maintenance, repair, restoration and replacement of all surfaces, improvements, plant, building, equipment, lighting, landscaping and utilities

1 2 Grant of easement

The Grantor at the Grantor's expense grants the Grantee (including its Authorised Users) and members of the public the full, free and unimpeded right to pass and repass across the Easement Site, on foot, with bicycles or with wheelchairs or other disabled access aids and with animals (providing those animals are at all times accompanied by Authorised Users)

1 3 Commencement of Easement

Despite any other provision of this instrument, the rights and obligations of the Grantee and the Grantor under this easement do not commence until the Easement Commencement Date

The Grantor agrees to give notice to the Grantee of the date of the Easement Commencement Date promptly after the Easement Commencement Date occurring

1 4 Variation of the Easement Site

1 4 1 The Grantor and the Grantee agree that, once the VPA Works have been completed, the parties must do all things reasonably necessary (to the extent necessary) to ensure that this easement is varied so as to burden the land which comprises the Final Easement Site and no other land

1 4 2 The Grantor and Grantee agree to sign all documents and do all things necessary to give effect to clause 1 4 1 including but not limited to preparing a plan and dealing recording the variation of the easement over the relevant part of the Lot Burdened upon demand by the other in accordance with this clause The Grantor will pay each party's costs in connection with the documentation and action contemplated in this clause

1 4 3 Without limiting clause 1 4 1 or clause 1 4 2, if, once the VPA Works are constructed, the Grantor grants to the Grantee a new easement on the same terms as this easement (except for this clause 1 4), over that part of the land which comprises or includes the Final Easement Site, then upon registration of that new easement, this easement will cease and the Grantor may have this easement removed from the title to the Lot Burdened

1 5 Access must be 24 hour access

Subject to clauses 1 6 ("Rights of the Grantor to temporarily suspend access")

and 1 11 ("Suspension of rights and obligations"), the Grantor must

1 5 1 provide access under this easement 24 hours per day, 7 days a week, and

1 5 2 allow members of the public to enjoy access without any requirement to carry keys, security card-keys or other access authorities

However, if the Grantor has done all things reasonably necessary to provide access in the manner required by this clause 1 5 but is restricted in providing such access by the requirements of any law, then the obligations of the Grantor are reduced to the extent necessary to comply with the law

1 6 Rights of the Grantor to temporarily suspend access

The Grantor may, from time to time, temporarily suspend access to, and use of, parts of the Easement Site

1 6 1 in an emergency or for maintenance and repair purposes, and/or

1 6 2 where access to those parts of the Easement Site is required for Works being carried out on land within the development which is adjacent to the Easement Site, pursuant to the relevant development approvals,

provided

1 6 3 except in an emergency, the Grantor gives reasonable notice of its intention to suspend access to or use of parts of the Easement Site by notice posted on or near the relevant area, and

1 6 4 the Grantor only suspends access to and use of parts of the Easement Site for the period required to remedy an emergency or maintain, repair or carry out Works on the Easement Site (as applicable) and that the Grantor exercises all necessary and reasonable endeavours to provide the Grantee (and its Authorised Users) safe alternate means of access by way of access licence at no cost to the Grantee and its Authorised Users through the Lot Burdened during any period where the access and use of parts of the Easement Site are temporarily suspended by the Grantor in accordance with this instrument, and

1 6 5 the Grantor promptly removes any notices of suspension of access from the relevant part of the Easement Site at the end of the period of suspension of access

1 7 Conduct of access

The Grantor must ensure that all access and the temporary suspension of access under this easement is conducted in a proper and safe manner and in accordance with the requirements of Government Agencies and the law

1 8 Making rules

The Grantor may make reasonable rules about the use of the Easement Site by the Grantee and its Authorised Users

1 9 Minimising damage

The Grantor must

1 9 1 take all reasonable precautions to ensure as little damage as possible to the Lot Burdened,

1 9 2 clean, maintain and undertake any necessary capital repairs to the

Easement Site, and

1 9 3 promptly make good any damage caused by exercising rights or complying with obligations under this easement (without limiting the rights of the Grantor at law)

1 10 Requirements for use

The Grantor may submit a request to the Grantee that the Grantee and its Authorised Users must not

1 10 1 consume alcohol on the Easement Site, or

1 10 2 fish from the Easement Site, or

1 10 3 deposit or throw garbage on the Easement Site (other than in garbage receptacles provided by the Grantor for that purpose), or

1 10 4 swim, dive or snorkel for recreational purposes from the Easement Site,

however the Grantee has the sole discretion (acting reasonably) to accept or deny such a request made by the Grantor

1 11 Suspension of rights and obligations

Subject to clause 1 6 of this instrument, the rights and obligations of the Grantee and Grantor under this easement in respect of a part of the Easement Site on which Works are being, or proposed to be, carried out under the relevant development approvals as at the date of registration of this instrument are suspended from the date of registration of this instrument until the date of the issue of an Occupation Certificate in respect of the relevant part of the Easement Site on completion of the Works

The Grantor must

1 11 1 give notice of the suspension of access to or use of parts of the Easement Site under this clause 1 11 by notice posted on or near the relevant area, and

1 11 2 notify the Grantee in writing of the issue of the Occupation Certificate for the relevant part of the Easement Site within 10 Business Days of the issue of the Occupation Certificate, and

1 11 3 promptly remove any notices of suspension of access from the relevant part of the Easement Site at the end of the period of suspension of this easement determined in accordance with this clause 1 11
