4. Summary of Objectives, Nature and Effect of the Planning Agreement

[Clause 25E(1)(a) of the EP&A Regulation 2000]

The intent of the Planning Agreement is to ensure that public benefits are provided in the form of provision, augmentation or improvement of open space, community facilities or other public facilities as proposed by the development application and determined by Council.

The Planning Agreement is proposed to require a monetary contribution for an amount of \$169,250.00 (excluding GST) being \$1,000 (excluding GST) per square metre (169.25m²) of GFA in excess of the permitted GFA limit for the development payable after development consent is granted and before issue of a Construction Certificate.

5. Assessment of the Merits of the Planning Agreement

[Clause 25E(1)(b) of the EP&A Regulation 2000]

5.1 The planning purposes served by the Planning Agreement

[Clause 25E(2)(e) of the EP&A Regulation 2000]

The Planning Agreement serves the following planning purpose:

- The monetary contributions paid by the **Proprietor and/or Developer** under this Planning Agreement will be used by **Council** to provide, augment, or improve open space, community facilities, or other public facilities as determined by Council.

Whether the Planning Agreement provides for a reasonable means of achieving that purpose:

- (i) Council has conducted an Urban Design Study which revealed that in parts of the Burwood Town Centre, including the area in which the subject land is located, there is some potential for a maximum increase of 10% in FSR. Council has also prepared a Burwood Open Space and Community Facilities Study, which identified public benefit requirements in the Burwood Local Government Area .
- (ii) The Planning Agreement will secure a considerable material benefit to the public as the Council is to use, or put the monetary contribution towards, the provision of material benefits such as civil infrastructure, public domain upgrades and facilities for the Burwood Town Centre, which will not only benefit the users and those in the immediate vicinity of the Burwood Town Centre but the wider Burwood population. This is considered to be a substantial public benefit and the Planning Agreement achieves this objective of delivering the benefit.

5.2 Promotion of the public interest

[Clause 25E(2)(a) and (c) of the EP&A Regulation 2000]

The Planning Agreement promotes the public interest by:

- Ensuring the orderly use and development of land by ensuring that public benefits are provided where a development site achieves additional FSR.

The Planning Agreement promotes one or more of the objects of the *Local Government Act 1919* (NSW) as follows:

- (i) The proper management and development of land for the purpose of promoting the social and economic welfare of the community and a better environment;
- (ii) The provision and co-ordination of community services and facilities; and
- (iii) Opportunities for public involvement and participation in environmental planning and assessment.

5.3 Promotion of the Council's charter (now Principles)

[Clause 25E(2)(d) of the EP&A Regulation 2000]

The Planning Agreement promotes one or more of the elements of Council's charter (now Principles) under Section 8, 8B and 8C of the *Local Government Act 1993* (NSW) as follows:

- (i) The Planning Agreement provides the monetary resources to assist Council in the provision of civil infrastructure, public domain upgrades and facilities for the augmentation, or improvement of open space, community facilities, and other public facilities for the Burwood Town Centre and ensures that those facilities are managed efficiently and effectively.
- (ii) Identifying and prioritising community needs and aspirations;

- (iii) Carrying out Council functions in a way that provides the best possible value for residents and ratepayers;
- (iv) Providing an opportunity for the community and stakeholders to be involved and interested people are invited to make comment during the exhibition period of the Planning Agreement. The public exhibition and the consideration of this matter at Council meetings are intended to keep the local community informed.

5.4 Capital Works Program

[Clause 25E(2)(f) of the EP&A Regulation 2000]

Whether Council has a capital works program, and if so, whether the Planning Agreement conforms with or promotes that capital works program:

- Council has in place a capital works program, but the program does not, to date, identify public benefits within the Burwood Town Centre.
- Council has prepared a Burwood Community Facilities and Open Space Study which identifies works and improvements to community facilities and open space to be carried out. These are known as public benefits. This study will inform the capital works program as it is reviewed annually where those public benefits will be included within the capital works program including when and where sufficient funds are available.

6. Whether the draft Planning Agreement specifies that certain requirements must be complied with before a construction certificate is issued.

The Planning Agreement provides that the Monetary Contribution be paid prior to the issue of any construction certificate for the proposed development.
