To whom it may concern

Proposal to rezone Lots 2, 3 & 4 DP589913 and unzoned land at Winmalee

Thank you for contacting NSW Trade & Investment with regards to these rezoning proposals. Both areas occur within transition areas to operating quarries, as stated in your letter of 9th January 2012 and therefore any proposed rezoning affecting them is of interest to the Resources & Energy Division of the department. In both these instances however, the division has no concerns with the proposed rezonings.

Should you require further information regarding mineral resources please contact Gary Burton, Senior Geologist, Orange office, on 6360 5330 or email gary.burton@industry.nsw.gov.au.
