Dear Mr Rawlings

Planning proposal to amend Kempsey Local Environmental Plan 2013

I am writing in response to your Council's letter received on 30 June 2016 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 (the Act) in respect of the planning proposal to rezone and amend the minimum lot size for land at Blairs Lane, South Kempsey to permit rural residential development.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the planning proposal's inconsistencies with S117 Directions 1.2 Rural Zones, 1.5 Rural Lands and 4.3 Flood Prone Land are of minor significance. No further approval is required in relation to these Directions.

Council may still need to obtain the agreement of the Department's Secretary to comply with the requirements of S117 Directions 1.3 Mining, Petroleum Production and Extractive Industries and 4.4 Planning for Bushfire Protection. Council should ensure this occurs prior to the plan being made.

Plan making powers were delegated to councils by the Minister in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 12 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Ms Tamara Prentice of the Department's Northern Region office to assist you. Ms Prentice can be contacted on (02) 6641 6610.

Yours sincerely

14 July 2016

Gateway Determination

Planning proposal (Department Ref: PP_2016_KEMPS_002_00): to rezone and amend the minimum lot size for land at Blairs Lane, South Kempsey to permit rural residential development.

I, the Director Regions, Northern at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Kempsey Local Environmental Plan (LEP) 2013 to rezone and amend the minimum lot size for land at Blairs Lane, South Kempsey to permit rural residential development should proceed subject to the following conditions:

1. Prior to community consultation Council is to:
 - (a) amend the planning proposal and associated maps to include Wedlock Close and Blairs Lane within the planning proposal seeking to apply zoning and minimum lot sizes consistent with the adjoining land;
 - (b) include consideration of the proposed rezoning on the resource extraction potential of Church Hill Quarry and consistency with Section 117 Direction 1.3 Mining, Petroleum Production and Extractive Industries;
 - (c) include Council's timeline for completing the LEP amendment into the planning proposal; and
 - (d) consider the vegetated land adjoining Pola Creek further and identify whether an alternate zone or other mechanism would be appropriate to provide the permanent protection recommended by the associated Flora and Fauna report and include the outcomes of these considerations into the planning proposal.
2. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
 - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Department of Planning and Infrastructure 2013)* and must be made publicly available for a minimum of **14 days**;
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning and Infrastructure 2013)*; and
 - (c) Any mapping material must meet the specifications in the current *Standard Technical Requirements for Spatial Datasets and Maps* (Department of Planning and Environment 2015).

3. Consultation is required with the following public authorities under section 56(2)(d) of the Act and/or to comply with the requirements of relevant S117 Directions:

- NSW Rural Fire Service
- Office of Environment and Heritage
- NSW Trade and Investment (Department of Mineral Resources)

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **12 months** from the week following the date of the Gateway determination.
