Mr Ron Moore
General Manager
Camden Council
PO Box 183
CAMDEN NSW 2570

Dear Mr Moore,

Planning proposal to amend Camden Local Environmental Plan 2010

I am writing in response to your Council's letter dated 13 June 2013 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal (Amendment No. 25) to include domestic solid fuel burning appliances (wood fire heaters) in Schedule 2 - Exempt Development under Camden Local Environmental Plan (LEP) 2010.

As delegate of the Minister for Planning and Infrastructure, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

The Minister delegated his plan making powers to councils in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending LEP is to be finalised within 6 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the department for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact David Radich of the regional office of the department on 02 9860 1568.

Yours sincerely,

Daniel Keary

Gateway Determination

Planning proposal (Department Ref: PP_2013_CAMDE_013_00): to permit wood fire heaters as exempt development in the Camden local government area.

I, the Acting Executive Director, Metropolitan Planning at the Department of Planning and Infrastructure as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to Schedule 2 - Exempt Development of the Camden Local Environmental Plan (LEP) 2010 to include domestic solid fuel burning appliances (wood fire heaters) should proceed subject to the following conditions:

1. Prior to undertaking public exhibition, Council is to update the project timeline within the planning proposal to reflect the 6 month timeframe allocated for completing the LEP. The project timeline is to include all relevant information consistent with Section 2.6 Part 6 of the *A Guide to Preparing Planning Proposals*. A copy of the timeline is to be forwarded to the regional office of the department.
2. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2013)* and must be made publicly available for a minimum of **14 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2013)*.
3. Consultation is required with the Office of Environment and Heritage (OEH) under section 56(2)(d) of the EP&A Act. OEH is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.
4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **6 months** from the week following the date of the Gateway determination.

Dated 11th day of JULY 2013.
