Mr Glenn Wilcox
General Manager
Blayney Shire Council
PO Box 62
BLAYNEY NSW 2799

Dear Mr Wilcox,

Planning proposal to amend Blayney Local Environmental Plan 2012

I am writing in response to your Council's letter dated 28 June 2013 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to reclassify Lot 19 DP 244853 at 1 Beaufort Street and Lot 7 DP236443 at 11 Beaufort Street, Blayney from 'community' to 'operational' land.

As delegate of the Minister for Planning and Infrastructure, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

In relation to S117 Direction 6.2 Reserving Land for Public Purposes, I have agreed to the reduction of land for public purposes on the basis of the sites zoning and the presence of existing public open space in the area. No further approval is required in relation to this Direction.

Council is reminded of its obligations for undertaking a public hearing and providing adequate information regarding the discharge of any interests in relation to the proposed reclassification of land in accordance with the department's practice note *PN09-003, Classification and reclassification of public land through a local environmental plan*.

The Minister delegated his plan making powers to councils in October 2012. It is noted that Council has now accepted this delegation. I have considered the nature of Council's planning proposal and have decided not to issue an authorisation for Council to exercise delegation because the Governor's approval is required for the reclassification of land. Reclassification proposals where the Governor's approval is required cannot be delegated back to council.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request for the department to draft and finalise the LEP should be made 6 weeks prior to the projected publication date.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Ms Erin Strong of the regional office of the department on (02) 6841 2180.

Yours sincerely,

Neil McGaffin

Gateway Determination

Planning proposal (Department Ref: PP_2013_BLAYN_002_00): to reclassify land at Blayney from 'community' to 'operational' land.

I, the Executive Director, Rural and Regional Planning at the Department of Planning and Infrastructure as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to the Blayney Local Environmental Plan (LEP) 2012 to reclassify Lot 19 DP 244853 at 1 Beaufort Street and Lot 7 DP236443 at 11 Beaufort Street, Blayney from 'community' to 'operational' land should proceed subject to the following conditions:

1. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2013)*.
2. No consultation is required with public authorities under section 56(2)(d) of the EP&A Act.
3. A public hearing is not required to be held into the matter under section 56(2)(e) of the EP&A Act. However, a public hearing is required to be held into the matter in accordance with the department's practice note PN09-003, as the planning proposal involves a reclassification of land from community to operational.
4. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.

Dated 18th

day of

July

2013.
